ASSEMBLY MEETS AT BRISTOL NEXT

Selection of Tennessee City by Presbyterians Was a Feature Yesterday.

THE "ELECT INFANT" CLAUSE

Will be Voted Upon by Presbyterians of Southern Church—Clause as to Confession of Faith—The Anniversary.

Louisville, Ky., May 22.—The selection of Bristol, Tenn., as the next meeting place and a decision to put to a vote of the 87 Presbyteries, comprising the Presbyterian Church in the United States, Southern, an amendment to the "elect infant" clause in the confession of faith occupied today's session of the General Assembly.

The committee to which "elect infant" overtures were referred reported that there was difference of opinion and recommended the sending down to the Presbyteries of the following overture to amend Section 3, chapter 10, of the confession to read as follows:

"Infants dying in infancy are regenerated and saved by and through the spirit who worketh when and where and how He pleaseth. So also are all others who are included in the election of grace and who are incapable of being outwardly called by the ministry of the word."

Bristol, Tenn., and Richmond, Va., were the only places voted on for the next place of meeting.

The Rev. Russell Cecil, D. D., of Richmond, the present moderator, nominated Richmond, which was seconded by former Governor J. Hoge Tyler. The Rev. C. C. Carson, D. D., of Bristol, placed that place in nomination. When the vote showed that Bristol had won the selection it was made unanimous.

Tonight the Assembly participated in a popular meeting, in celebration of the 300th anniversary of the King James version of the Bible.

An overture from the Presbytery of Orange touching the diaconate in connection with the new plan of beneficence and an overture from the Presbytery of Mecklenburg touching the reduction of the number of secretaries were referred to the committee on systematic beneficence.

Northern Presbyterian Church.

Atlantic City, N. J., May 22.—The unanimous adoption of the report favoring a union with the reformed church, protest against the acceptance by the government of the silver service for the battleship Utah on which appears an engraving of Brigham Young and the Mormon Tabernacle, the starting of a movement to establish a fund of six million dollars to permit a pension increase for disabled ministers and widows of ministers and the taking of testimony in the heresy trial of the Rev. William D. Grant, of North Umberland, Pa., were among the important happenings at today's session of the 123rd annual General Assembly of the Presbyterian church.

That it was physical impossibility for "Christ to have stood on the pinnacle of the Temple at Jerusalem and be tempted by Satan," as related in the New Testament was one of the startling statements attributed to the Rev. William D. Grant, at the heresy trial before the permanent judicial committee.

Dr. Grant is charged with having said the topmost pinnacle was entirely too small for any one to stand.

In commenting on the death of Uzziah, who as told in the Old Testament, was struck dead for daring to put his hand on the Ark of the Covenant while that precious relic was being taken from the threshing floor of Hebron to the Temple of Jerusalem, Dr. Grant is alleged to have said:

"This man Uzziah must have had aneurism of the heart or have burst a blood vessel in his head. It is not reasonable to suppose that God struck him dead under such circumstances."

Dr. Grant was also accused of having told a member of his church that he intended to "cast the evil out of the Bible," by preaching a certain sermon.

Some of the remarkable statements credited to Dr. Grant follow:

"He is said to have stated that 'Moses had the blues when he wrote some of his poems.'

"There is no personal devil.

"Eve found sin in her own heart and was not tempted by Satan.

"Christ was crucified in a perfectly natural manner by a mob of fanatic Jews and did not plan his own crucifixion."

MORE TIME FOR PACKERS.

Granted Chicago Beef Barons by Federal Judge.

Chicago, May 22.—Judge George A. Carpenter, in the United States District Court, today granted an extension of time to attorneys for the indicted Chicago beef packers to file briefs in the latest attempt to avoid the Sherman anti-trust statute as to their cases.

The extension was granted after Attorneys John S. Miller and Levy Mayer pleaded that the Federal Supreme Court in its expected decision in the tobacco case might give new light on the packers' attack on the statute.

FRENCH WAR MINISTER KILLED

Aeroplane Plunged Into Group of Members of Cabinet—Prime Minister and Others Injured—Account of Accident.

Paris, May 21.—France paid a terrible toll today for her magnificent endeavor to attain supremacy of the air, when a monoplane, the driver of which had lost control, plunged into a group of members of the cabinet, who had gathered to witness the start of the race from Paris to Madrid, killing the minister of war and injuring the prime minister, his son, and a well-known sportsman.

A large number of other persons of note had narrow escapes from injury.

The accident occurred on the aviation field at Issy les Moilneux, where 200,000 persons had gathered to see the start of the race.

M. Train was piloting the monoplane that wrought such havoc. With him in the car was M. Bounier, a passenger. Neither of these men was injured. The machine was wrecked.

Minister Borteaux was horribly mangled. The swiftly revolving propeller cut off his left arm, which was found 10 feet away from the spot he was struck, the back of his head was crushed in, his throat gashed and the whole of his left side cut and lacerated.

Premier Monis was buried beneath the wreckage of the monoplane. He was taken out as quickly as possible and examined by military surgeons, who found that he had suffered compound fractures of two bones in the right leg, that his nose was broken, his face badly contused, and that there were bruises on the breast and abdomen. He is expected to recover.

M. Deutsch and M. Monis were not seriously hurt.

Among those who had narrow escapes from injury was M. Lepine, the prefect of police.

Premier Monis and Minister Berteaux and their party arrived at the aviation field about 6 o'clock this morning, shortly after Roland Garros, M. Beaumont, and M. Gibert had started in the race.

Paris, May 22. — Notwithstanding the tragic incident, which ushered in the Paris to Madrid aviation race yesterday and which caused the death of M. Berteaux, the French minister of war, and the serious injury to Premier Monis, the contest was continued today by four of the competitors.

Emile Train, whose machine was the direct cause of the disaster, retired from the race, but Gibert, Vedrine, Frey and Garros decided to continue the flight to the Spanish capital.

Vedrine arrived at Angouleme, 279 miles from the aviation field of Issy Les-Moulint, in the remarkable time of three hours and 39 minutes, breaking the world's record for distance in a cross-country flight.

Frey began his flight from the aviation field at 1:06 o'clock but only succeeded in reaching Etampes, where his machine turned turtle in a squall and plunged to the ground. Frey was not hurt.

Gibert, on leaving Pontlevey of Angouleme, lost his way and landed at Brizay, but later resumed his flight on the first leg of the course.

Garros, the first contestant to reach Angouleme, is repairing his machine for the second stage of the flight from Angouleme to SanSebastian. President Fallieres today received through Ambassador Jusserand a message from President Taft expressing his heartfelt condolences for the loss which France sustained by the death of War Minister Berteaux and expressing his sympathy for M. Monis, the injured premier. Messages of sympathy also have been received from the heads of State from practically every nation.

Although the condition of Premier Monis continues satisfactory, Professor Lannague officially announced this afternoon that it would still take three days before he would be able to say whether the head of the French cabinet was out of danger.

The funeral of the war minister has been definitely fixed for Friday.

The physician's bulletin issued tonight says simply:

"The premier was permitted to take light nourishment today and Professor Lannelongue, after a consultation said there was no longer fear of complications."

The premier persistently asks for news of M. Berteaux. The physicians told him this evening that the minister of war was unconscious and that there was no hope. The premier was so deeply affected that it was deemed best not to inform him of the death of M. Bowreaux until tomorrow.

FATE OF THE MAINE.

After Vessel is Stripped Parts Will be Towed to Deep Water.

Washington, May 22.—Unless otherwise directed by Congress all that remains of the ill-fated battleship Maine after it has been raised from Havana harbor and stripped, parts of value will be towed out to sea and sunk in deep water.

The board of engineers, engaged in raising the vessel, so recommended in their report which the War Department today submitted to Congress. Secretary Dickinson has approved the recommendation and says "action will be taken according unless Congress directs otherwise."

The matter will be considered by the House Military Affairs Committee.

LOSS IN IMPORTS CAUSING INQUIRY

Conflicting Testimony Regarding Creosote Before Commitee of House.

STUART PRINCIPAL WITNESS

Declares MacVeagh Reversed Ruling Because Railroads Could Not Pay Duty on Commodity. The Investigation.

Washington, May 22.—Testifying before the House Committee on Expenditures in the Treasury Department today, J. E. B. Stuart, former collector of customs at Newport News declared that Secretary of the Treasury MacVeagh had told him that the Department reversed a ruling calling for collection of a 20 per cent. duty on creosote importations because the railroads could not afford to pay duty on that commodity. Another witness testified that Secretary MacVeagh's brother had interested himself in the matter.

Mr. Stuart, who instigated an investigation into creosote imports at New Orleans last Fall, charging that the government was losing millions in revenues because creosote, dutiable at 20 per cent. ad valorem was being admitted as creosote oil free of duty, was summoned before the committee as the result of testimony given previously in executive session by Allan L. Benson.

Stuart related how he found that duty was being collected at New Orleans from foreign ships whose manifests showed their cargoes to be creosote, the cargoes being received as creosote oil, which is on the free list. He told how last September, as the Secretary of the Treasury A. Platt Andrew had ordered that duty be collected on such imports and that subsequently as the Secretary of the Treasury Curtis had reversed the order claiming that the goods were not subject to revenue because they did not contain as much as 2 per cent. chlorine gas and could not be classed as refined creosote. He said that he had called on Mr. Curtis and was informed of the decision and then had visited Secretary MacVeagh, who explained the decision.

"Did Mr. MacVeagh give any reason for the order," asked Chairman Cox, of the committee.

"Yes," Stuart replied. "He said that the railroads could not afford to pay duty on it."

"Was that the only reason he gave?" asked the chairman.

"That is the only one I recall," was the reply.

Previously Allen L. Benson had told the committee in executive session that Stuart had told him of the remark that Secretary MacVeagh is alleged to have made. Benson also visited the Secretary of the Treasury to inquire about the creosote ruling. He told the committee that Mr. MacVeagh had informed him that his "instinct told me in favor of the railroads," When the committee asked if Mr. MacVeagh gave any reason, Mr. Benson replied:

"Mr. MacVeagh said that timber was becoming very scarce in this country and that everybody should do what he could to preserve and conserve what timber we have. He stated that this creosote is a preservative and increases the length of life of ties and that the railroads should be encouraged in every way to use it. He said that it made a very serious difference with the railroads whether they paid the duty or not. I tried to get him to repeat the statement that Mr. Stuart had made to me, that Secretary MacVeagh had once told him that the railroads could not afford to pay duty on creosote. I did not want to ask him outright whether he made that statement, so I asked questions that would give him an opportunity to make the statement if he desired. He did not say it to me in so many words, but he did broach that question by saying that the railroads ought to be encouraged to use that preservative."

"He also said that his brother, Wayne, had called on him one day to inquire what the Department was going to do in the creosote matter and he said he told him that they were going to admit it free, and that his brother then said, 'that was right'."

HEAD OF CUTTER SERVICE.

Capt. Ellsworth Bertholf Appointed by President Taft.

Washington, May 22. — President Taft today appointed Captain Ellsworth Price Bertholf to be captain commandant and chief of the division of the Revenue Cutter Service of the Treasury Department, succeeding Captain Commandant Worth G. Ross, who recently resigned, on account of ill health.

Captain Bertholf's home is in Hackensack, N. J. He is 45 years old, and has a conspicuous record in the Revenue Cutter Service. He is considered an authority on seals, and is the only officer of the service who is able to speak the Esquimaux language.

Captain Bertholf now commands the cutter Merrill, at Detroit, and stood seventeenth on the list of captains.

The nomination of Captain Bertholf was sent to the Senate this afternoon by President Taft.

HONOR PAID AFTER 100 YEARS

Memorial Unveiled to Noted Frenchman in Arlington Yesterday—Taft and Jusserand Were Speakers—Features.

Washington, May 22.—On a green knoll in front of the old Lee mansion in Arlington cemetery overlooking the broad Potomac and the capitol, a memorial was unveiled today to Major Pierre Charles L'Enfant, the French engineer to whose prophetic vision Washington owes its broad avenues and its symmetry of design.

President Taft, Ambassador Jusserand, of France, and Senator Root, of New York, spoke in eulogy of Major L'Enfant. The ribbons of red, white and blue that bound the American flag to the marble face of the memorial were lifted by Miss Eleanor Carroll Morgan, great grand-daughter of William Dadley Diggs in whose home L'Enfant found refuge when he was dismissed from the service of this government. Monsignore Russell, of St. Patricks' Catholic church, made the invocation and said the benediction.

"There are not many," said President Taft, "who have to wait 100 years to receive the reward to which they are entitled until the world shall make the progress which entitles it to pay the just reward. The man whose memory we celebrate today had a highly artistic temperament, and it is that fact which has obscured at times and in some degree the merit of what he did, and lessened the gratitude we owe him for what he did.

"L'Enfant will now lie here appropriately in state and in rest, with the gratitude of the nation that he served so well."

Senator Root said that a true memorial to L'Enfant would be to follow his ideas for the extension of Washington rather in accord with the ideas of real estate men.

Ambassador Jusserand referred to the death of Minister of War Berteaux. "Berteaux," said he, "was a man like L'Enfant. He died a victim of the new invention, the areoplane, in which he was so much interested. We, in France, cannot forget the way in which your President expressed his grief at that sad accident. We are very much moved in the republic of France by it, it shows more than ever that your joys are our joys and your sorrows are our sorrows."

Standing in front of the colonial Lee mansion the monument occupies a position overlooking the Potomac river and the city of Washington. Low base of stone supports on its top a carved map, a fac simile of the original map of Washington as drawn by Major L'Enfant when he laid out the Federal capital under the direction of President Washington in July, 1790.

L'Enfant was quite forgotten until 1909. From the time of his death in a lonely grave on a Maryland farm, 1825 until that year his body lay in Congress made an appropriation for the transfer of the body to the National cemetery. The War Department readily granted permission that it be placed in Arlington because of L'Enfant's services to the colonies.

GRANT CANADIAN'S REQUEST.

Battle of Chatauguay Will be Included Coronation Festivities.

London, May 22.—The Canadian pageant committee has arranged to include in the festival of the empire the scene depicting the Battle of Chatuguay, the withdrawal of which has been much resented by Canadians.

It was announced in April that the Canadian committee of which Lord Strahcona is president, has decided to eliminate from the coronation programme Canda's principal contribution to the pageant entitled "Chatauguay," where Canada was held for the empire, which was intended to represent the defeat, through strategy of an invading American force in 1813 It was thought that the pageant might wound the susceptibilities of American visitors and cause a feeling which would endanger the conclusion of the proposed Anglo-American arbitration.

OUTLINES.

The Presbyterian General Assembly at Louisville, Ky., yesterday chose Bristol, Tenn., as the place for the next meeting. The "elect infant" clause will be put to a vote of the Presbyteries in the Southern church.——The French minister of war was crushed to death under a monoplane at Paris Sunday and the prime minister with several others was severely injured.——Two resolutions were introduced in the Senate yesterday seeking another investigation of the Lorimer case. Senator LaFollette made a speech arraigning the Illinois senator.——The loss on imports on account of entrance of creosote free, was the subject for investigation before a House Committee yesterday.——A monument was unveiled in Arlington yesterday to Major Pierre Charles L'Enfant, the French engineer, who planned Washington. Speeches were made by President Taft and Ambassador Jusserand.——New York markets: Money on call steady 2 to 2 1-2, ruling rate 2 1-4, closing bid 2 3-8, offered at 2 1-2. Spot cotton closed quiet, middling uplands 16.10; middling gulf 16.35. Flour was quiet and lower to sell. Wheat easy, No. 2 red 97 1-2 nominal elevator and 98 1-2 f.o.b. afloat. Corn spot steady, No. 2, ny nominal f.o.b. afloat. Oats spot easy, standard white 39 1-2. Rosin firm. Turpentine quiet.

ANOTHER LORIMER PROBE IS SOUGHT

Resolutions Ask Immediate Investigation of the Renewed Charges.

BEFORE U. S. SENATE AGAIN

Senator LaFollette Arraigns Illinois Senator in Speech—Two Committees Discussed the Charges Yesterday.

Washington, May 22.—An immediate investigation of sweeping scope of the renewed charges that Senator Lorimer, of Illinois, is not entitled to his seat is provided for in two resolutions, by Senators Dillingham and LaFollette and the whole subject figuratively held the boards in the Senate today.

Senator LaFollette called upon his resolution and made a speech arraigning the Illinois senator whom he charged with personal knowledge of the spending of money in behalf of his election. Both the Democratic Steering Committee and the Republican members of the Senate Committee on Privileges and Elections discussed the charges of corruption in the Lorimer case and Senator Dillingham, chairman of the Elections Committee, presented his resolution of inquiry as a substitute for the LaFollette resolution. The LaFollette measure provides for a renewed inquiry into the Lorimer case by a special committee while the Dillingham measure directs the Committee on Privileges and Elections to make the inquiry. The Democratic senators will support the Dillingham resolution. It is likely that the Elections Committee will be directed to investigate through a sub-committee to be affirmed by the Senate. Senator LaFollette counts upon a number of progressives to support his resolution.

The Dillingham resolution follows: "That the Committee on Privileges and Elections are authorized and directed to further investigate the charges made against William Lorimer, a senator from the State of Illinois and to inquire and report to the Senate whether in or about the election of the said Lorimer as a senator of the United States from the State of Illinois or in connection with his right to a seat in this body there were used or employed by any person, firm, corporation or association, any corrupt methods or practice.

"That said committee be authorized to sit during the sessions of the Senate and during any recess of Senate or Congress; to hold its sessions at such place or places as it shall deem most convenient for the purposes of the investigation; to employ stenographers and such counsel and competent accountants as it may deem necessary; to send for persons and papers and to administer oaths; and that the expenses of the inquiry shall be paid from the contingent fund of the Senate upon vouchers to be approved by the chairman of the committee."

LaFollette's Speech.

Senator LaFollette's speech was a plea for a re-investigation on account not only of recent developments, but because of revelations during last session's investigation. He delivered only half of his speech today, dealing exclusively with the previous inquiry, and will conclude tomorrow with a discussion of later developments.

Mr. LaFollette reviewed the Lorimer case citing the confessions of bribery in the interest of Mr. Lorimer's election. "Is there another Senator against such an imputation could have been made who would not have risen in his seat and demanded an inquiry?" he asked. "Can you conceive of any man holding such a trust as a seat in the Senate, who could sit here for weeks and months after his title had been impeached without saying something?"

He said the votes of the 30 Democratic senators for Mr. Lorimer would stick in the minds of the people when it was remembered that the Democratic votes were under the leadership of Lee O'Neal Brown, who had $30,000 strapped on his person. He said he understood that the Senate Committee had permitted an attorney in the case to divert it from an inquiry into Mr. Lorimer's knowledge in the case. Page upon page of the testimony, he declared, showed the closest assertions between Mr. Lorimer, Speaker Shurtleff and Lee O'Neal Brown, the Democratic leader.

CHURCH ROW WAS FATAL.

Six of Congregation of Colored Church Victims at Newberry.

Spartanburg, S. C., May 23.—Henry Baxter, colored, walked into Rocky Zion church near Newberry, S. C., Sunday evening with his hat on. Baxter is dead and four or five other negroes are also dead as a result of the shooting caused by this lack of respect for the meeting place.

When Baxter was taken to task by a member of the congregation for failing to remove his hat as he entered the church, a quarrel ensued. Then there was an adjournment to the grounds outside, where several pistols got into action and 40 or 50 shots were fired.

Removal Sale of the French Millinery Parlors. All goods at cost beginning Monday, May 15th. tf.

DIOCESE OF EAST CAROLINA

Annual Council in Session at Fayetteville—Services Sunday and Business Meetings Yesterday. Cause of Education.

(Special Star Correspondence.)

Fayetteville, N. C., May 22.—The first Sunday service of the annual council, Diocese of East Carolina, was a celebration of the Holy Communion at 7:30 A. M., more particularly for the members of the parish.

The principal service of the day was at 11 A. M. The choir, clergy and Bishop formed a line in the Chapel and marched in procession to the front of the church and up the middle aisle to the chancel. It was an impressive sight. Morning prayer was said by Rev. B. F. Huske, of Christ Church, Newbern, N. C., Rev. J. H. Griffith, of St. Mary's Church, Kinston and Rev. J. W. Fulford, of Zion's Parish. At the celebration of the Holy Communion Bishop Strange was the celebrant, Rev. C. F. Smith, of Christ Church, Elizabeth City, reading the Epistle, and Rev. Thomas P. Noe, of the Good Shepherd, Wilmington, reading the gospel. The Rev. R. B. Drane, D. D. of St. Paul's, Edenton, assisted in the administration.

The Council sermon was preached by the Rev. W. H. Milton, D. D., of St. James', Wilmington, who took for his text 1 Corinthians, 14:40—"Let all things be done decently and in order." After referring to the fact that St. Paul was speaking to the Corinthians about their work and worship in the church, Dr. Milton showed that orderliness and proportion are essentials to right worship, as set forth in this text and in other passages of Scripture used as illustrations. "What a rebuke," said he, "they are to the empty emotionalism, the silly sentimentalism, the affected asceticism, the false scientism, the subtle sacramentorialism, riot in many places—our own day usurp the place of a rational Christianity and a more intelligent worship. * * * The underlying principle which the Apostle is seeking to inculcate is the same for all time: that the whole of public worship, preaching, sacraments, prayer and praise, must be more intelligible and orderly."

Applying this idea of orderliness and proportion to the proper balance between worship and preaching, Dr. Milton said: "Preaching stands first in the order of need and order of commission. 'Go preach!' said the Master as His last command, the marching order of the church. In the order which he commands, St. Paul places preaching first. No amount of beauty of form, of grandeur of music, of magnificence of ritual, of stateliness of architecture, of fevor of prayer, of culture in the pew, can save the church from corrupt practice, and empty formalism, unless the convicting, stimulating, inspiring voice of the preacher is lifted high above all." Taken altogether it was a sermon of power, and was forcefully delivered.

The morning offering was taken for the Virgina Theological Seminary, which trains many of the men that work in this diocese. The "Quiet Hour Service," conducted by the Bishop at 5:45 P. M., was unusually suggestive and enjoyable. Besides hymns and prayers, silent and audible, the Bishop made three short addresses bearing upon our relations, each to the other; a relation of unity and harmony; the midst of great variety; a unity and harmony by which we so stand together in great things that little things cannot divide us.

At 8:30 P. M. Evening Prayer was said by Revs. E. L. Malone, W. R. Noe and F. N. Skinner, after which Hon. Richard H. Battle, of Raleigh, spoke on St. Mary's School, and the Bishop delivered his annual address.

Monday Morning.

The morning session was occupied almost entirely with routine business, chiefly the reports of the various standing committees. Just before the noon hour Rev. W. S. Claiborne, representing the University of the South, at Sewanee, was presented to the Council and read a telling address in advocacy of material support for this, our own church university. The plan suggested, known as the Nelson plan, is to fix an amount for permanent endowment, which we can and will raise in our own time and way; and to pay to the University annually an amount equal to the interest on such endowment until the actual endowment is turned over to the University to earn its own interest. In other words, it is exactly the same as if a cash endowment was paid over to the University. Then a loan negotiated for an amount equal to the endowment we gave. Time for adjournment having arrived action on this matter was made the order for first business after dinner.

Woman's Work.

At 10 o'clock the officers of the Woman's Auxiliary and Parochial Societies met in conference to plan for the work of Tuesday. At 11 o'clock there was a meeting of the Parochial Societies presided over by Mrs. Nixon Davis, vice president of the Wilmington Convocation. Meeting was opened by the singing of the hymn, "Go Forward, Christian Soldier," which was followed by prayer. Then each parish society was called upon to give an account of the year's work.

At 12 o'clock the Rev. Mr. Claiborne came in and led the noon-day prayer. Mr. Claiborne is a missionary in the mountains of Tennessee and came to this council to put before it the claims of the University of the South at Sewanee. He made a strong appeal not only for funds, but for the mothers to realize that here is the place for their sons where their academic work can go hand in hand with their own church's teaching. After this appeal the remainder of the re-

(Continued on Page Eight.)

AGREEMENT MARKS END MEXICAN WAR

Peace Reigned Supreme in Northern Portion of the Republic Last Night.

MADERO IS OUTLINING COURSE

Disquieting Reports About "Cientifica Party" in Mexico City—206 Chinese Were Killed by Mexican Troops.

Juarez, Mexico, May 22.—Peace reigns supreme in Northern Mexico tonight where news of the signing of a peace agreement last night has penetrated. The only disquieting reports today were private advices from Mexico City that members of the "Scientifica" party deposed because of the Maderista movement, were thinking of starting a revolution against the latter.

Trouble from the "Cientifica" element it is admitted here, is expected; but whether it will take the form of armed revolt after Madero assumes power is not yet clear.

The insurrecto troops may be kept at the various garrisons in Mexico for a few months in readiness for trouble, but no definite plans along that line have been formed by Senor Madero.

Senor Madero and his present chiefs today discussed the make-up of the new cabinet, which is to surround Senor De LaBarra, the incoming provisional president. The most satisfying news to them was the receipt of a message from Ernesto Madero at Monterey, announcing that he would accept the portfolio of finance. The cabinet slate predicted by the Associated Press recently still remains intact. Those who have accepted portfolios thus far are:

Minister of Finance—Ernesto Madero.

Minister of Colonization and Industry—Manuel Calero.

Minister of Public Utilities—Manuel Donilla.

Minister of Public Instruction—Dr. Francisco Vasquez Gomez.

Minister of Interior and Administration—Emilio Vasquez Gomez.

The portfolio of minister of justice, which has been offered to Senor Vasquez Tagle, a lawyer of Mexico City, has not yet been accepted by him on account of ill health. Should he be unable to take the post, it is said Rafael Hernandez, a cousin of Francisco I. Madero, Jr., and one of the go-between in the peace negotiations, may be named.

Dr. Francisco Vasquez Gomez left here tonight for San Antonio, Texas, where he will meet his family and journey on to Mexico City three days later.

The news that President Diaz might retire on Wednesday or Thursday of this week increased the activity of Senor Madero in preparing for departure to the Mexican capital. Should the Mexican railway line from here southward still be out of commission by the end of the week, it is likely that Senor Madero will go through San Antonio and Laredo, Texas. Warrants held by American officers for violating the neutrality laws when he was in American territory have been waived and he has been assured of unmolested passage through Texas.

Massacre of Chinese.

Mexico City, May 22.—Official reports reached here today by couriers tell of the story of a massacre of 206 Chinese at Torreon following the rebel occupation of that city last week. Upon receipt of the news at the Chinese legation, the charge d'affaires immediately made formal representations to the Mexican government.

The details of the story as received of the three day battle and sacking of the city of Torreon is replete with incidents of cruelty and indicate that the rebel leaders did not hold their men in control or that they turned them loose to prey on a conquered and defensely people. The official advices do not give the number of dead, but taking the 206 Chinese as a basis, it is probable that the number is larger.

The last day of the Torreon battle was May 15th. In that day Gen. Lejero retired with his Federal forces and the rebels entered the city. Citizens found themselves utterly unable to control the mob and reports received today indicate that scores of innocent residents were added to the list of the victims.

Always antagonistic to the yellow race, the Mexican rebels and members of the mob engaged in a raid riot. A great part of the business of Torreon is conducted by Chinese, some of whom are wealthy, and according to reports received, the rioters shot down or stabbed without mercy every Oriental encountered.

Minister of Foreign Relations De LaBarra had not received tonight any word from Judge Carbajal that Francisco I. Madero, Jr., had finally approved the cabinet as suggested. As soon as Madero's acceptance of the cabinet is received President Diaz will present his resignation to the Chamber of Deputies, it is said. On the assumption that this acceptance will be made within the next 24 hours, it has been tentatively agreed that this most interesting document of the revolution will be made public on May 24th.

No effort is made now to disguise

Brooklyn, N. Y., May 22.—Zimmerman's drive for three bases and McElveen's pinch hit off Smith won a ninth inning victory for Brooklyn today 4 to 3. The Cincinnatis got all their runs in the fourth inning off Bell, who retired in the sixth after being hit on the arm by a pitched ball. The visitors had the bases full in the ninth with only one out, but failed to bring over a tally.

Ferry, Adams and Gibson; Raymond and A. Wilson; time 1:38; umpires Klem and Doyle.

Boston, May 22.—St. Louis defeated Boston 3 to 1 today by bunching hits in the fifth inning. It was the 12th straight defeat for Boston.

Boston .....000 100 000—1	4	0
St. Louis .....000 030 000—3	7	0

Curtis and Raridan; Sallee and Bresnahan; time 1:40; umpires Rigler and Finneran.

Philadelphia, May 22.—Chicago made a clean sweep of the series here by winning today's game, the score being 6 to 2. Alexander pitched fine ball except in the sixth inning when the visitors made five runs on two passes and four hits, including a double by Archer and home run by Doyle. Reulbach was effective except in the fourth inning, when Philadelphia scored two runs on two passes and Luderous' two-bagger.

Chicago .....000 005 010—6	7	1
Philadelphia ....000 200 000—2	4	0

Reulbach and Archer; Alexander and Moran; time 1:45; umpires Eason and Johnstone.

Cleveland	16	19	.457
Washington	11	20	.355
St. Louis	11	23	.324

Cleveland, May 22.—Philadelphia broke Cleveland's winning streak today by the score of 9 to 3. The Athletics made their hits off Blanding count, while Morgan was a puzzle. Jackson and Lapp were forced to retire because of injuries. Jackson had a finger split at bat while Lapp hurt his knee bumping into the grand stand.

Cleveland .....200 000 010—3	10	1
Philadelphia ....102 011 103—9	17	1

Blanding and Smith; Morgan and Thomas and Lapp; time 1:55; umpires Perrins and Sheridan.

St. Louis, May 22.—Cicotte allowed but four scattered hits today and Boston won the first game of the series 2 to 0. Boston scored her first run in the third on two singles and one error, while in the fifth an error, a sacrifice and Riggert's triple netted the other.

Boston .....001 010 000—2	9	1
St. Louis .....000 000 000—0	4	2

Cicotte and Nunamaker; Powell and Clarke; time 1:24; umpires Evans and Mullen.

Detroit, May 22.—Washington outbatted and outfielded and outguessed Detroit today and won the opener 7 to 3, four times the visitors worked the hit and run play for tallies. McBride's batting featured.

ROCKY POINT NEWS.

Great Damage by Dry Weather—An Old Legend—Political Pot.

(Special Star Correspondence.)

Rocky Point, N. C., May 20. The subject uppermost in everybody's mind here now is the long continued drouth. From present indications the snap bean crop will be cut off 80 per cent. at least. Fields of strawberries are being plowed under notwithstanding the good prices received for them the past season. The roots are very dusty and nearly all the tops have dried out, and all signs of rain have failed.

Mr. Neill McEachern and his lady friends visited the plantation, "Clayton Hall" yesterday. Within nearly a stone's throw there are several ancient colonial home sites. There is the vaults of the Claytons, in an excellent state of preservation. Therein the Rutherford and Clayton families were interred. There are mny wierd stories told of strange scenes at mid-night that can be seen around there—an aged man with a long staff or wand who seems to be in search of something. The vaults remained intact until "Sherman's Cursed Bummers' broke down and robbed the dead of their jewelry. At the old Rutherford site an old pile of rock remains and around there hunters have seen strange lights and heard forgotten music from bagpipe and pibroch Stately forms are seen going through the motions of the minuet, the men with silver knee buckles, and beribbonned queues, gracefully gliding with maids wearing Marie Antoniette slippers, short waisted bodies, of exquisite satin covered with diamonds. The modern dance at Lumina would be cast deep in the shade. The spook dances can only be seen during the month of November along about Thanksgiving day, and there are but a few spirits so bold among the living who care to watch from afar those wierd but graceful evolutions. The coon-hunting darkey steers wide of these places and o'possum might lay down ready to be picked up but the darkey leaves "dem haunted places" severely alone at night.

And the political pot continues to evolute. Chief Justice Clark wishes to go to the United States Senate. Some how we look upon him as being too good and pure a man to go to the Senate. He has a mighty good name and it might get mixed up in some scandal. Besides there is a Vice-presidential possibility for him and he needn't set up his light for it either—Wilson and Clark would sound mighty good on the next Presidential ticket. And Senator Simmons pulls mighty good in harness. It might not be good policy to make a Senatorial horse-swap right now at this stage of the proceedings.

CAUSED BY LORIMER VOTE.

Unitarians Will Oppose Senator Fletcher to Head Association.

Boston, Mass., May 22.—National politics as voiced in the action of the United States Senate on the Lorimer resolution figured in the principal meeting today of the anniversary week observance here by the Unitarians and affiliated societies. A resolution opposing the re-election of United States Senator Duncan U. Fletcher, of Florida, as vice-president of the American Unitarian Association, because of his vote on the Lorimer case, received the endorsement of a number of members of the Ministerial Union.

An attempt was made to place the union, as a body, in opposition to Senator Fletcher, but it was finally agreed to allow members to approve with their signatures as a personal expression the following resolution:

"Resolved, That in favor of the public service attached to the name of Senator Duncan U. Fletcher, of Florida, we do not regard him as eligible to the leadership in that form of Christianity known as Unitarianism, and, therefore, protest against his nomination for vice-president of the American Unitarian Association."

The resolution will be laid before the annual meeting of the Association on Wednesday.

CAROLINA RATE CASE.

Will Be Argued in Washington Before Commerce Court.

Raleigh, N. C., May 22.—Chairman Franklin McNeill, of the Corporation Commission, and Attorney General T. W. Bickett will leave tomorrow for Washington to be present at the hearing before the new Commerce Court in the appeal of the Norfolk & Western, Seaboard Air Line and Southern railway companies have taken from the ruling of the Inter-State Commerce Commission that the Norfolk & Western must make material reduction in freight rates from Cincinnati, points west of Virginia cities to North Carolina terminals of the N. & W.—Winston-Salem and Durham. The hearing will be Wednesday of this week and is in the form of an application for an injunction from the Commerce Court against putting into effect the order of the Inter-State Commission.

Tokio, May 22.—Mayor Ozaka tonight gave a dinner on behalf of the city of Tokio to Rear Admiral John Hubbard and Rear Admiral Joseph B. Murdock. The banquet was part of the programme which the Japanese authorities had prepared in connection with the turning over of the command of the American Asiatic fleet by Admiral Hubbard to Admiral Murdock.

Do Ghosts Haunt Swamps?

No, never. It's foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only, 50c at R. R. Bellamy's.

RESISTED AND WAS SHOT

William Brown, Colored, Dangerously Wounded by Deputy Sheriff Tindal—Had Warrant for Damage to Property.

Because he strenuously resisted arrest and began fighting the officer, William Brown, colored, about 30 years old, was shot and dangerously wounded last night by Deputy Sheriff Louis W. Tindal, Jr., and is in the James Walker Memorial Hospital, where it was stated at an early hour this morning that the surgeons could not tell yet just how serious is the wound. The negro was shot in the back and appears to be suffering greatly.

Deputy Sheriff Tindal had a warrant for the negro for damage to personal property. Brown was located in Turley's alley, between Harnett and Davis streets, and when he was informed by the officer that he had a warrant for him showed fight. It was stated that he resisted the officer to such extent that it was necessary for him to use his pistol in self-defense. The ambulance was called and the negro rushed to the hospital for attention. In the meantime some one called police headquarters and reported that a man had been shot in Turley's alley. Assistant Chief Woollard detailed Sergeant Grimsley to go with the patrol wagon and make an investigation. Arriving there, Sergeant Grimsley found the circumstances about as related above. The ambulance had already been called and the patrol wagon was not pressed into commission to carry the negro to the hospital.

Sold Fine Horse for $750.

The automobile may be the popular craze all right but the fine horse still has his admirers and the day is not passed when a high-priced animal will find ready sale in Wilmington. A few days ago Mr. F. T. Mills, the well known horse man of this city, sold to Mr. J. Clyde Council, of Wanaish, Columbus county, a fine Kentucky horse which commanded the pretty sum of $750. The animal was a beautiful, trimly bay which, with only six days training reeled off a mile in 2:18 1-4 seconds. This spry mover is a fine gelding and weighs 1,050 pounds. Mr. Mills bought this splendid animal in Kentucky, March 27th, and, being a horse lover, his face glowed when he assured a Star representative that good horse flesh is still appreciated in North Carolina.

TO CHECK LIQUOR TRAFFIC.

Levering Relates Interview He Had With "Uncle Joe" Cannon.

Jacksonville, Fla., May 22.—At the Baptist convention in session here today Retiring President Levering, of Baltimore, related an interview he had with former Speaker Cannon. Mr. Levering said Mr. Cannon expressed sympathy with the movement to check traffic in liquor between "wet" and "dry" States, but doubted if a law sought by the Baptists would stand in the Supreme Court if it were enacted by the Congress. The law requested was that one would take control of liquor traffic from the Inter-State Commerce Commission and vest it in State governments.

The report of the Committee on Womans' Work as adopted showed that its members collected during last year, the following money: $127,900 for foreign missions; $83,850 for home missions; $1,219 for Sunday school work; $1,389 for the Margaret Home; $2,963 for support of the Teachers' Training School, and $5,597 for enlargement of the school.

Workers in foreign and home mission fields spoke briefly on conditions in their districts. One was Miss Marie Buhlmien who has charge of the work among immigrants at Baltimore.

The convention adjourned to meet next year in Oklahoma City.

THREE SUFFOCATED BY GAS.

Desperate Deed Brings Death to Mother and Two Children.

New York, May 22.—"If you will come around to my flat you will find that something has happened," said a letter that came to Mrs. Anna Maas today from her friend, Mrs. Garson E. Schroeder. Mrs. Maas hurried to the house where her friend lived in South Brooklyn. She found the apartment locked. When a policeman had battered down the door they found Mrs. Schroeder and her two children, Henry aged 12, and May, eight, dead in bed suffocated by gas. A jet in the room was turned on full head.

Mrs. Schroeder's husband died about a year ago, and the police believe that grief and the struggle to support the family drove the woman to seek this way out of her troubles.

Harrisburg, Pa., May 22.—The Brotherhood of Railroad Trainmen reelected W. G. Lee, of Cleveland, president by a vote of 597 to 168 for Geo. M. Sharkey, of Del Rio, Texas.

IN THE RECORDER'S COURT

James Chapman Not Guilty of Selling Whiskey—Prosecutor May Be Indicted for Perjury—Other Cases Yesterday.

James Chapman, who conducts what is known as Riverside restaurant at corner of Water and Market streets, was the principal defendant in yesterday's session of the Recorder's court, presided over by Substitute Recorder George Harriss, who essayed the dual role of Recorder and clerk. Chapman was indicted Sunday evening by W. W. Bain, a white man, who made affidavit before Chief of Police John J. Fowler upon which the warrant was issued.

Bain stated to Chief Fowler when he made application for the warrant that he had purchased whiskey from Chapman. He later made affidavit to this. Asked by Chief Fowler why he wanted to prosecute Chapman, Bain replied that he had had some trouble with him; that Chapman had not treated him right. At the trial yesterday Bain denied that he purchased any whiskey from Chapman, and declared that he was intoxicated when he made the affidavit before Chief Fowler. He testified, nowever, that he gave 30 cents to Mr. E. J. W. Anders to secure some whiskey. Mr. Anders testified that Bain did not give him any money nor did he know anything of the alleged sale of whiskey to Bain. The defendant was represented by A. J. Marshall, Esq., while County Attorney Marsden Bellamy and Assistant City Attorney Geo. L. Peschau represented the prosecution. Attorneys for the State asked that Bain be marked the prosecutor and that he be taxed with the costs of the action the evidence being insufficient to convict the defendant. This was done and Bain was required to pay the costs. County Attorney Marsden Bellamy stated yesterday afternoon that it is probable that a warrant for perjury will be issued for Bain.

W. M. H. Shavers, colored, who was arrested Saturday night on a warrant charging him with assault with deadly weapon on his wife at Dillon, S. C., upon whose person were found a large pistol and a razor when searched at the City Hall, was found guilty of carrying a concealed weapon and was sentenced to 12 months on the county roads. An officer was here from Dillon to carry the negro back to that State for trial, but he stated that the South Carolina authorities would wait until the authorities here are through with the negro and call for him then.

A case against Thomas Morse, a white man charged with drunkenness and resisting an officer, was continued until today. Frank Robinson, colored, for throwing rocks on the streets, was required to pay the costs. James Howe, colored, paid the costs for violating the driving ordinance by driving on the wrong side of the street. The case against Leslie Hamilton and Richard Phillips, young white boys, charged with assault with deadly weapon, was continued until tomorrow. Clarence Mintz, a white boy, was given hearing on the charge of stealing a boat from Mr. Claude Murray, at Hilton. The case was left open until today.

The acting Recorder then heard argument of counsel on the demurrer of the defendants in the case of B. G. Stephens against Mrs. Sallie M. S. Hicks and husband, R. W. Hicks, involving $350 alleged to be balance due on contract for plans and specifications for an apartment house. The defendants denied the validity of the contract because it was not in writing and was without the written consent of her husband. The defendants also demurred on the ground that a lien cannot be enforced against plans and specifications for a building. The demurrer was overruled on all the points except the one with reference to the enforcement of a lien. The plaintiff appeals to the Superior Court. The question involved in this case has never been decided by the Supreme Court of this State and raises an interesting point of law. The case will be heard at the approaching term of Superior Court, both sides being anxious for a hearing. The argument yesterday was by Walter P. Stacy, Esq., of counsel for the plaintiff, and George Rountree, Esq., of counsel for the defendants. The case itself has not been heard upon its merits, the argument yesterday being on the demurrer.

J. HICKS BUNTING DRUG CO.

SELLING WHISKEY CHARGED.

Alleged "Walking Blind Tiger" Picked Up Yesterday Afternoon.

The police believe that they have captured one of the "walking blind tigers' in the arrest at 3:05 o'clock yesterday afternoon on the Atlantic Coast Line yards of a negro giving his name as John Devine Burnett, who claims to be a stranger in these parts. He will be given hearing before the Recorder tomorrow.

According to information received at police headquarters Burnett had a basket and grip and was walking about the Coast Line yards offering whiskey for sale. Among the purchasers was James Clark, colored, who claims to have bought a half pint for 25 cents. Mr. Goodnight, with whom Clark works on the A. C. L. yards, suggested that the negro swear out a warrant for the fellow who was selling whiskey and this suggestion was acted upon, the warrant being issued by Chief of Police John J. Fowler, who is also a magistrate. Patrolman A. D. Smith arrested the negro. There were found 13 half pints of whiskey in the negro's basket when arrested. Burnett told Hall officers that he bought whiskey from a dealer on the wharf, but being a stranger in the city did not know his name. The officers believe that he was working for one of the big "blind tigers."

SUMMER UNIFORMS.

Only One Bid Received for Furnishing Police and Firemen.

Bids were received by Mr. Bernice C. Moore, Commissioner of Public Safety, until noon yesterday for furnishing 72 Summer uniforms more or less, for the police and fire departments. It was stated that only one bid was received, that of Mr. J. W. H. Fuchs. This bid was not opened yesterday, but will probably be opened today. Summer is nearly here and unless the order for the new uniforms is gotten off right away the officers will have to wear their Winter clothing during the Summer, for it takes about 30 days to make and deliver the uniforms.

Manchester, N. H., May 22.—Notices were posted by the Amoskeag Manufacturing Company today, announcing a suspension of work in all of its manufacturing departments, beginning at noon May 27th, and continuing until the morning of June 5th. About 15,000 operatives are employed in the Amoskeag cotton mills.

That good digestion and good health depend largely upon clean, nourishing, well-baked, fresh-baked goods, such as bread, cakes, pies, etc.

To get these, you must either spend hours over the kitchen stove or order from your bakery.

Let us supply you. Let us send you the best.

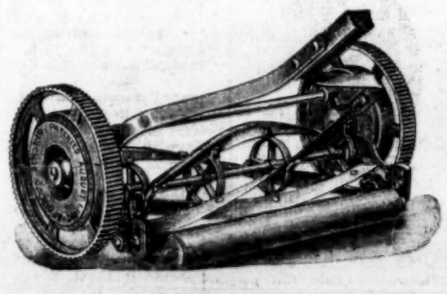

We have an oven for baking bread that will bake 5,000 loaves per day. We have an oven for baking cakes and pies that will do almost as well—both ovens being regulated by a system that insures perfect baking.

You cannot afford to trifle with your food supply.

Don't do it. Order from us.

THE SENATORIAL CONTEST

How It Looks to Carolinians at National Capital—U. S. Supreme Court Upholds Mr. Overman's Amendment.

Wilmington Star Bureau,
Congress Hall.
(By H. E. C. Bryant.)

Washington, D. C., May 22.—In the coming senatorial contest in North Carolina for Senator Simmons' seat, records will play a great part. Four great Democrats are running. There is not a pigmy in the quartette. Chas. Brantly Aycock is one of the ablest men in the State; he is a real statesman. Governor Kitchin is a statesman of parts. No one who knows the man ever questioned Judge Clark's ability. Senator Simmons has brains and courage. Therefore, this race is to be one of giants.

Senator Simmons must stand or fall on his record. He is not a man to excite the multitude from the rostrum, but as United States Senator he has done things. His record here shows that. Some people believe that he has done things that he ought not to have done. Some friends—men who will vote for him in the coming contest—think that. But, after all is said, the people will give him credit for being his own boss, and having accomplished results for his State. He has had, and now holds, excellent committee assignments. Although he has never appealed to the galleries, he is recognized as one of the few leaders of the Senate. By main force of character and ability he has made his way against great odds.

Senator Simmons has been severely, and by some unjustly, criticised for his vote for Senator Lorimer. On my arrival here from the West I was told that Senator Simmons voted for Lorimer for the reason that he and Lorimer were interested in timber lands in North Carolina. I did not believe the story, but it came with such force that it stunned me for a time; it did not sound like Mr. Simmons. I have heard the story many times since. The story has been circulated in the State. After I had been here some time I came to the conclusion that Mr. Simmons' vote was based upon the evidence taken before the committee that heard the case. I never mentioned the case to him but went to work to run down the story about the lumber interest story. I talked with many men from the State. I say on authority—not the authority of Senator Simmons—that he is not in any way connected with Senator Lorimer in timber or any other lands. It was not my purpose to vindicate Mr. Simmons but to get a newspaper story that I worked on the matter. I thought that if the story was true, as I had heard it, the people of the State should know it. I write now without the knowledge of Mr. Simmons.

In Providence township, Mecklenburg county, North Carolina, the people believe that the devil should have his dues. Providence is the only real home I ever had. The only virtues I have that are worth having came from Providence, where the people respect the Ten Commandments.

The Simmons record, as United States Senator, is legitimate public property.

The Lorimer case is coming up again. The Illinois Senate has found more evidence. Last Friday, at a meeting of the steering committee of the Senate minority, Mr. Simmons voted to re-open the Lorimer case. The purpose of the meeting was to agree upon a line of action on that case. The Democrats stood as one man on the proposition. They believe that it should be thrashed out and settled for all time to come.

It is understood that Senator Simmons will vote for the investigation and, if new evidence is sufficient to prove that Lorimer should not sit in the Senate, Senator Simmons will, without doubt, vote to unseat him.

The State is interested in this case. The concensus of opinion here is that Lorimer will lose his seat.

The United States Supreme Court has passed favorably upon Senator Overman's amendment to the act to regulate commerce to require three judges to sit in injunction cases. It will be recalled by North Carolinians that after Senator Pritchard had enjoined the State in an important case several years ago Senator Overman introduced a bill making it impossible for a State court to be restrained unless three judges had passed upon the restraining order. A Kansas judge refused to obey the Overman law, claiming that it was unconstitutional on the ground that a Federal judge's jurisdiction in enjoining State courts could not be abridged. A proceeding in mandamus, in which relief was sought against the district judge of the Sunflower State, followed.

The case in mind originated in a State court in Kansas to condemn lands of a water company and others for the purpose of widening the Kansas river. While proceedings were pending on appeal in the Circuit Court of Appeals for the eighth circuit, the Legislature of Kansas enacted a statute which, in effect, authorized a summary appropriation of the lands affected by the pending condemnation suits, and directed the attorney general of the State to bring action. A few days after the passage of this bill the water company commenced a suit in the Circuit Court of the United States, praying for relief by injunction, temporary and permanent, restraining the defendants from a threatened taking possession of the lands of the petitioner under the act just passed. Judge McPherson, acting as circuit judge, issued a restraining order in the cause. The attention of the judge was called to the Overman amendment, providing for three judges, but he ruled that the provision of the amendment merely deprived a single judge of the power to grant a temporary injunction, and that a court might be held by one judge for the purpose of decreeing the assailed statute to be constitutional and refusing to enjoin its enforcement. Argument, Judge McPherson alone sitting, was then heard upon the constitutionality of the new Kansas statute. At the close of the hearing, counsel for the water company made the objection theretofore made by the opposing counsel, that the matter could only be disposed of by a court composed of three judges. Judge McPherson adhered to his former ruling.

The appeal to the Supreme Court was based upon the contention that by virtue of the act of Congress a single judge was without jurisdiction to hear and determine the application for a temporary injunction.

The Supreme Court decided that "the hearings and determination of the request for a temporary injunction should have been had before a court consisting of three judges constituted in the mode specified in the statute."

The Overman amendment caused considerable comment at the time of its passage. Many lawyers did not believe that it was constitutional. This decision settles that question.

This is quite a compliment to Mr. Overman. His friends are proud of the opinion, which was delivered by Chief Justice White.

A. W. Summersill, sheriff of Onslow; E. M. Koonce, of Onslow, and C. K. Cooke, of Louisburg, were in the city today.

KILLING AT "THE LAKE."

Other News in Columbus—Value of Lands—Chicken Raising.

(Special Star Correspondence.)

Whiteville, N. C., May 22.—There was another killing in the county, this time at Lake Waccamaw, all the participants being colored. Two negroes, one a mere youth, were landed in jail yesterday charged with the murder. The name of the dead man is Will Powers, and Lonnie Norris and June Richmond are charged with shooting him, from the effects of which wound he died. The dead man was shot in the stomach and the wound proved fatal. Coroner has not held an inquest as yet, and particulars cannot be had. The dead man was the stepfather of Norris. They all lived at Lake Waccamaw.

There are now seven prisoners in our jail, four of them under the charge of murder. Henry Graham, a young negro, was also jailed Sunday for stealing a pair of pants, valued at $5, from Mr. Rowland Hill, a Vineland merchant. He was soon arrested and the stolen goods found on his person.

Mr. Auty Baldwin, who has been spending some time at Tabor, was in town Sunday. He says while the strawberry season is winding up they continue to ship two or three cars a day from that town, and there are two buyers yet in the field. Everybody has a pocket full of money and they are not yet bothering much about the drought.

To show the value outsiders place on our Columbus county farming lands was proven last Saturday when Mr. A. B. Hamer, a farmer and capitalist, of Marlboro county, S. C., took up a mortgage of $10,000 that the Bank of Columbus held on 740 acres of land owned by Brewer & Covington, near Evergreen. He not only took up the $100,000 mortgage, but added $2,000 to the loan. A ginnery is also included in the mortgage, but of course, the real security lies in the land. This is an unusual loan on 740 acres of land, with only about 150 acres cleared.

Rev. T. J. Tyner, organizer for the Farmers' Union in this and Brunswick counties, was in Whiteville on Saturday. In speaking of crops, Mr. Tyner says he never had a better stand of everything or brighter prospects; that those who planted crops before the dry spell set in have good stands, and crops are not yet suffering from the drought. Mr. Tyner says he expects Mr. Charles S. Barrett, of Union City, Ga., president of the Farmers' Union, to visit the county in October and deliver an address. He reports the Union as higaly prosperous and its membership growing.

The announcement in the Star of ex-Governor Aycock's candidacy for U. S. Senator, created much favorable comment, and the concensus of opinion is that he will be a strong man.

The chicken business is getting to be an important industry in Columbus county and a number of our citizens are embarking therein. We understand that Mr. Jake Moore, near Chadbourn, has now 4,000 broilers ready for market and he gets 25 cents each for them when they weight 11 ounces.

SALEM COMMENCEMENT BEGINS.

Many Visitors Attending the Exercises—The Various Features.

(Special Star Telegram.)

Winston-Salem, N. C., May 22.—the 109th annual commencement exercises of Salem Female College, the oldest educational institution for women, opened auspicially yesterday with the baccalaureate sermon by Dr. H. H. Hulton, of Charlotte, who delivered a strong discourse on "The Bases of Power." The attendance is unusually large, many visitors being here from the far West, North and South.

notably beautiful bit of pageantry was enacted this morning upon the green of the college campus when four collegiate classes participated in their garden party. Tonight "Tennyson's Princess" was beautifully presented by the faculty and students on the college pleasure grounds to the delight of a great audience.

UPHOLDS THE CAPITAL.

Denies Charges Brought Out at the Presbyterian Assembly.

Washington, May 22.—"Washington presents one of the most peaceful village scenes on Sunday that you could find in any big city in the United States. I know personally that the saloons are closed, and to say there is wholesale violation of the excise law is untrue, but as untrue as it is, it is even more foolish than false."

This was the response of Major Richard Silvertor today to the charge that Washington is "wide open" on Sundays and that it is a horrible exemple of Sabbath desecration for the rest of the United States as incorporated in a report adopted by the Presbyterian General Assembly now in session at Atlantic City.

It Startlec the World.

when the astounding claims were first made for Bucklen's Arnica Salve, but forty years of wonderful cures have proved them true, and everywhere it is now known as the best sale on earth for burns, boils, scalds, sores, cuts, bruises, sprains, swellings, eczema, chapped hands, fever sores and piles. Only 25c at R. R. Bellamy's.

"Be Jolly Molly."

Sung by Mr. Baldwin—Grand Theatre today. **

DOUBLE CAPACITY OF SHOPS

Interesting Report Regarding Big Undertaking by Coast Line at Rocky Mount—Projects Now Under Way in City.

(Special Star Correspondence.)

Rocky Mount, N. C., May 22.—Leading the State in the point of percentage increase in population for the past decade, Rocky Mount starts repeating the trick for the coming decade with the announcement that the Atlantic Coast Line will within the next several months start the task of doubling the size and capacity of the present large machine shops at this point. This was learned Saturday when it was announced that bids had been asked of contractors for the gigantic new structure, and when the new buildings are completed the shops at this point will cover several acres and will be the largest in Carolina and on the Atlantic Coast Line railway, surpassing even the large shops of the company at Waycross, Ga.

The magnitude of this increase is only evident to those who know of the present size of the shops at South Rocky Mount, which now employ a thousand people daily and with the doubling of their capacity nearly twice as many men will be needed, and will be employed. This form of labor is skilled in the line of work and with the increased size of the shops it will mean the addition of many excellent and influential citizens, men of families and property owners.

Just now the Atlantic Coast Line has underway the completion of a $40,000 station and office building, and a $30,000 Young Men's Christian Association building. This is in addition to the daily installation of a vast amount of new machinery in their present shops at South Rocky Mount.

COMMENCEMENT SERMONS.

Bishop Reece to St. Mary's; Dr. Sprunt to Peace Graduates.

(Special Star Correspondence.)

Raleigh, N. C., May 22.—The people of Raleigh enjoyed two able baccalaureate sermons Sunday, one for St. Mary's School, by Rt. Rev. Frederick Reece, D. D., bishop of Georgia, and the other by Dr. Alexander Sprunt, of Charleston, S. C., for the commencement exercises of Peace Institute. Both services were attended by very large congregations and the sermons were especially able and appropriate. Bishop Reece had for his theme "High Ideals in Life." "Whatsoever Ye Do, Do It in the Name of and for the Love of the Lord Jesus,' was his text. He laid down the rule as established that one must work for a great cause and be inspired by love of a great leader to accomplish the most good that one is capable of in this life. He impressed on the young ladies of the graduating class that such a service would give a zeal for the discharge of their every-day duties as would assure the greatest degree of happiness in their daily lives.

Dr. Sprunt, at the Presbyterian church, in addressing the graduates of Peace Institute, had as his text: "In the Beginning God," and the theme was the importance of early and right ideals of God in forming the theology that actuates one in life. This he applied effectively in a closing charge to the Peace girls. Peace has eight graduates—Misses Jennie Shaw, Mabel Pugh, Myrtle Jones, Jane Kornegay, Ellen Wilson, Ruth Nicholson and Mrs. Lois Long Hackett.

There are six graduates for St. Mary's School. They are Misses Ina Jones, Nell Lewis, Mary Merritt, Lula Parker, Isabelle Perry and Josephine Tonnoffski. The graduating exercises for Peace will take place Wednesday morning and that for St. Mary's Thursday morning.

Removal Sale of the French Millinery Parlors. All goods at cost beginning Monday, May 15th. tf.

Foley Kidney Pills

TONIC IN ACTION - QUICK IN RESULTS

Give prompt relief from BACKACHE, KIDNEY and BLADDER TROUBLE, RHEUMATISM, CONGESTION of the KIDNEYS, INFLAMMATION of the BLADDER and all annoying URINARY IRREGULARITIES. A positive boon to MIDDLE AGED and ELDERLY PEOPLE and for WOMEN.

C. H. Ellsworth, Rochester, N. Y., says: "For sometime past I have been bothered with weak kidneys and bladder trouble. The action was very irregular and attended with much pain. Foley Kidney Pills gave me immediate relief and strengthened me wonderfully, and I am more than pleased to recommend their use."—R. R. Bellamy.

S.S.S. DRIVES OUT RHEUMATISM

The primary cause of Rheumatism results from weak kidneys, constipation, indigestion, etc., forming impure accumulations in the system. These sour and ferment, causing uric acid, which is absorbed from the stomach and intestines into the blood. This changes the circulation from a thick, rich fluid to a thin, acrid stream, depositing inflammatory matter into the muscles, nerves, and joints. The longer the blood is allowed to remain in this impure condition the more severe will Rheumatism become. Gradually the muscles harden and lose their elasticity, the joints begin to stiffen, and frequently calculous deposits form knots at the finger joints. There is just one way to CURE Rheumatism, and that is to cleanse the blood of the uric acid poison. S. S. S., by removing every particle of the cause and PURIFYING the blood, cures Rheumatism permanently. S. S. S. eliminates the uric acid because it is the greatest of all blood purifiers. It filters out every trace of the sour, inflammatory matter, cools the acid-heated blood, furnishes the material for multiplying the rich, nutritious corpuscles of the circulation, and by its fine tonic effects assists the system to rapidly overcome the effects of the disease. Special book on Rheumatism and medical advice free. S. S. S. is for sale at drug stores. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Your Dollar

Will buy 25 Per Cent. more at

Gaylord's

than anywhere else in the city — because he Sells for cash. Therefore no part of your dollar goes towards paying some other person's bad debt..

In this big Department Store you can find anything you wish in Dress Goods for Spring and Summer, whatever you need in the Millinery line we have it, and the most skilled and artistic milliners to trim for you.

Our Ready-to-Wear Department shows thousands of dollars worth of Tailor-Made Suits, Dresses, Kimonas, and Underwear for ladies and children, which cannot be equalled for price and quality.

Men's and Boys' Ready-to-Wear Department is one great store in itself, here you will find the celebrated Adler Rochester, the best made clothes in the world for the money, together with hundreds of Boy Suits of which we make a specialty.

In our $15,000 stock of Shoes you can find anything you want for Summer foot-wear for man, woman or child, the goods are of the best and the prices are the lowest.

All styles of Matting at rock bottom prices.

Rugs and Carpets at figures that will prove satisfactory to you.

Trunks, Valises, Suit Cases and Hand Bags for less money than you can buy the same elsewhere.

House Furnishing Goods of all kinds.

"Knowledge is Money." Come to our store and convince yourself of the truth of our assertions.

210, 212 214 N. Front St.

J. M. Solky & Co.

One Price Clothiers and Furnishers.

Never Before in the History of Clothing

Has a line of Merchandise been so carefully selected for this season. We have got the greatest and strongest line of Summer clothing in the city, made by the best manufacturers, Strouse & Bros., and B. Kupheimer & Co. We carry the largest assortment in underwear and in all prices. Straw Hats and Panama Hats in all the leading shapes. THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Tuesday, May 23, 1911.

It was first Ballinger, now it's Diaz, and it's Lorimer's "next."

A crank is a person who persists in something we can't understand.

Be a Worthwhile Wilmingtonian, which, interpreted, means a live member of the Chamber of Commerce.

Julius Caesar had his Brutus, Ballinger had his Pinchot, Diaz had his Madero, but we long ago downed our Madeira.

If Glass is not nominated for the United States Senate in that Virginia contest, it is natural to presume that he will be "all broke up."

Thomas Jefferson's opinion of other Democrats wasn't good and he did not fail to say so. Democrats are all Jeffersonian in that particular.

Some fugitives from justice stop so close to home they are soon overtaken. Some people's idea of justice is that it is a neighborhood affair.

Life in Wilmington is one sweet dream about having a good time at the seaside and taking steamboat rides on the Cape Fear and out to sea.

Says the Jacksonville Times-Union: "Smile, bless you, smile." That may go in Jacksonville, but in Wilmington a fellow can't take a smile every time he takes a notion.

Now comes French physicians with the declaration that hot air is a cure for certain diseases. No doubt of it, for even hot air artists can make you sit up and take notice.

Of course, when bad luck happens to the North Carolina peach crop, people are compelled to eat the little old, wormy, persimmon flavored things that are grown in other States.

Some of our contemporaries allude to May 20th as a National Holiday. It is only a legal holiday in North Carolina, made so by the General Assembly of North Carolina in honor of the Mecklenburg Declaration of Independence, May 20, 1775.

A few years back people would go miles to see a bicycle race. Now a fellow wouldn't be caught manifesting interest in such commonplace sport. It is now the automobile mad speed race and the aeroplane meet. What is to come along and make them look little?

A suffragette writes: "Girls ought to marry model husbands." Yet, but model husbands haven't got any business engaging in too much matrimony. It's against the law. No man is a model husband until the right sort of woman gets hold of him and trains him in. Model husbands are made not born.

The Tampa Times notes that a railroad man had his nose almost obliterated in a wreck but a surgeon removed two inches of the man's ninth rib and made him a perfect nose. Men ought to rejoice that they have a spare rib, for they come in mighty handy now and then. Men should never cease to be thankful that Adam had a rib that could be put to good use.

During the government's suit against the Standard Oil Company, the trusts endeavored to prove to the courts that it is a benevolent institution. The Supreme Court looked into its claims in that respect and differed with the company. We believe the Standard Oil Company was honest in considering itself a benefactor, but, in having a different construction put upon it, the company has the consolation of knowing that a whole lot of people's good opinion of themselves would also be set aside in a court trial.

WILMINGTON'S INTEREST WIDESPREAD.

In carrying out any scheme to develop Wilmington, don't forget that developing Wilmington means developing all the country around Wilmington. The extensive territory all around Wilmington is part of the life of Wilmington. The increase in population, the growth of agriculture and the establishment of manufacturing in all the tributary territory and towns with which Wilmington does business has its beneficial effect and tends to make a greater Wilmington. So let us aid all movements for the development of any section of country upon which the jobbing and commercial prosperity of Wilmington depends. If we cannot aid such movements, we can lend our influence, and, at any rate, be glad when Wilmington's outside territory moves forward.

Let us take Lumberton and Chadbourn as instances, although they could be run up into the hundreds, for they are not the only towns which have developed at a wonderful rate. However, there is Lumberton, which has developed into a thriving manufacturing town which has greatly increased in population and business importance. Then there is Chadbourn, which the Star's Whiteville correspondent tells us has grown from a wayside railroad station a few years ago to be a prosperous town of 1,200 inhabitants. Everybody knows that the growth of Lumberton and Chadbourn has meant a great deal to Wilmington. As a matter of course, increased farming operations, industrial development and the settlement of new comers all around Wilmington mean a great deal for Wilmington as well as for the kindred territory.

Let us rejoice when any county gets the good roads habit like it is growing on the now progressive county of Columbus. Columbus is progressive because its people are making it so and that splendid county has attracted attention and is developing because her people started in to doing things. The Star for years has endeavored in various ways to aid Columbus and all other eastern North Carolina counties and it expects to keep it up, so when any of them need the Star in their business all they have to do is to say the word. What we want to do is to get Wilmington more interested in them and in closer touch with all sections of the country with which this city does business. Watch their movement and take interest in them. However, be sure some of our neighboring towns do not get ahead of us on manufacturing. We must not begrudge them anything and we must look on approvingly while they are doing things, but be sure our own city does not get left in any particular.

By the way, Wilfington should by all means vote those $50,000 in bonds for completing New Hanover county's good roads system. We may not all agree about how to build the roads and spend the money, but there is one thing that we ought to be agreed upon and that is that we should not for any reason retard the good roads movement in New Hanover. Let's vote the bonds and do our best to see that it is spent in the right direction. So far as we are concerned, we should like to see the $50,000 bond fund voted, contracts for roads and bridges let to the lowest responsible bidders, constructed under expert supervision and turned over to the county in twelve months or less, if possible. There is no use taking several years to do what ought to be done in one year or less. However, let's vote the bonds, and let no difference of opinion be any excuse for us to put New Hanover county in the reactionary class. New Hanover has set the example to all surrounding counties, what roads we have built are splendid assets, and we must continue to be an exemplary county and not fall behind any in the march of progress.

THE FIGHT FOR THE SENATE.

So there is no doubt as to whether Ex-Governor Chas. B. Aycock, of Raleigh, is to be a candidate for the United States Senate in next year's Democratic primary. It is presumed, of course, there will be a primary, if not two of them, for with four senatorial candidates in the field it is hardly to be supposed that the first election will result in a nomination.

After having been urged by letters from friends all over the State to make the run for the Senate, Mr. Aycock, finally yielded and on Sunday the Star carried his authorized statement to that effect. Recently Chief Justice Clark announced his candidacy, and previously it was known of all men that Senator F. M. Simmons was a candidate to succeed himself, while Governor William Walton Kitchin would be his opponent.

Now we have it. Four candidates, all among the strongest and best known men in North Carolina, representing all shades of Democracy in the State. For all we know there may be other Richmonds in the field before it is over, and, if there is not, the four gentlemen who are already in the race will make it an interesting if not lively campaign. It is hardly possible that we are to have a quadrangular contest with out some one of the four candidates "starting something" early in the game.

Former Governor Aycock's entrance into the arena puts an entirely new phase on the contest over the Senatorship. As between candidates, the Star has its preference in a way but its policy has always been not to become an adherent of any aspirant for office within the party lines where good and true men are themselves presenting their claims upon the people. Therefore, what we may say now, or from time to time, will be from the viewpoint of a looker-on in Vienna, and it is hardly necessary to say anything more at this time than to remark that Mr. Aycock surely will be a strong candidate with the people. He made North Carolina an able, progressive and popular governor, and his long, unwavering fidelity to the party, and his ever sincere attitude towards the people, will make him a formidable candidate. He was true as steel when others flickered in dark days and flared up in bright days, although "there are others" who also were on the firing line and stood there to the finish.

Ex-Governor Aycock's candidacy will be unique in the game of politics. It can be learned from his letter that he will run on his own merits and not on some other candidate's demerits. He will not go around whooping it up for himself and he won't blow in any money for his chances. He doesn't believe in those sort of unseemly things, and is serenely satisfied to rest on his laurels and depend on his reputation. A candidacy like that will be strange to the boodler statesmen of about all the States of the Union and we are sure it is an example that all of them should follow if they could afford it and hope to win. No money spending and no self-boosting surely will be something different, and we confess to a liking for that style.

Each of the four Senatorial candidates have strong following in the State and it is the field against Senator Simmons, who nevertheless has a good Senatorial career behind him and is well prepared to give a good account of his stewardship at Washington. He has been Democracy's tireless and resourceful leader, even at times when it was popular to have cool feet and look the other way, and he will have that prestige in his fight to hold his own against all comers.

SOUTH'S COTTON SUPREMACY.

At the recent annual convention of the American Cotton Manufacturers' Association in Richmond, President Cooper made some pertinent remarks on cotton production in the South. He spoke from the viewpoint of a manufacturer—the buyer talking to the seller, as it were. He warned Southern farmers that "the South is in as much or more danger of losing its supremacy by short crops, abnormally high prices and manipulated markets than it would be with large crops at steady, fair and remunerative prices." He warns the cotton growers that short crops, curtailment of acreage and co-operation in marketing their crops would stimulate the growth of cotton in "all countries that require cotton for manufacturing purposes."

Of course, the farmers are open to advise, but at one time they tried runnning cotton growing into the ground, and when prices got so low it didn't pay to plant it there was no advise from the manufacturers as to how they could get the price up so they wouldn't come out at the little end of the horn. The fact is the farmers dearly love to raise cotton and they would raise all that is needed, but they don't care to do it just so the manufacturers can get cheap cotton, especially when the manufacturers curtail their production and do all manner of things to keep the price down. It is the effort to beat down the price of cotton that curtails the acreage, and the farmers didn't start it. They have been acting in self-defense and won.

The Jacksonville Times-Union remarks: "Magnolia time in dear old Florida," Same in Wilmington. How much like Florida is the Gulf Stream climate on the lower Cape Fear.

CURRENT COMMENT.

Ah, ha! The 17-year locusts have the initial "W" on their wings. Maybe this won't give friends of Harmon, Clark & Co., a chill!—Washington Post.

'Dearly Beloved: Do not get excited. The Senatorial primary will not be held until November, 1912. You have plenty time. Study the candidates and vote for the man you think will reflect most credit upon the State.—Raleigh News and Observer.

Condition at the Barium Springs Orphanage are rapidly becoming better. The water and light contracts will soon be completed and that will help immensely. Dr. William Laurie Hill started out last January to raise $1,000. He has visited 21 towns and has secured 400 subscribers to the orphanage publication, Our Fatherless Ones, and has raised $920 of the promised $1,000. All of which shows what a man can do when he gets out and goes after things.—Charlotte Chronicle.

In a speech delivered by Henry Wallace before the members of the Lowa Legislature the "Mosaic origin" of many laws was referred to. "Note, however," he said, "that this preliminary code of laws, afterwards modified and perfected, was not binding until a referendum was held and the code accepted by popular vote (Exodus xxiv, 3), and this transaction sealed by sacrifice and the covenant sprinkled with blood. Don't imagine for a moment that the idea of the referendum is a thing of the 20th century; it is as old as Moses."—Boston Transcript.

The entrance of Chief Justice Clark, of the North Carolina Supreme Court into the Senatorial campaign in that State will add interest to the contest. Senator Simmons will stand for reelection. Governor Kitchin is a candidate and if former Governor Aycock enters the lists there will be one of the biggest "fours" to be found in a Southern State in the race. Lines will be drawn against and for Senator Simmons on the quality of his Democracy. He is of the strong "anti-Bryan" type of Democrats, with a decided leaning toward the benefits of "incidental protection" that has characterized more than one Democratic Congressman from the South. Undoubtedly there are many supporters of such views in the Democratic ranks. The results of this Senatorial election in North Carolina will be an index to the strength of that sentiment in that State.—Columbia State.

A. & M. ATHLETICS.

Association Meets and Makes Elections for Ensuing Year—Sports.

(Special Star Correspondence.)

Wast Raleigh, N. C., May 22.—One of the most important meetings of the A. & M. Athletic Association ever held took place in Pullen Hall Saturday afternoon immediately after dinner. One of the important steps taken was the adoption of a new constitution and by-laws to govern the workings of the Athletic Association.

By the adoption of the constitution and by-laws as proposed, the students expressed their desire that track athletics and basketball be placed on the same basis as football and baseball. The Faculty Athletic Committee will act on this recommendation by the students and later announce whether or not it is practicable at this time, from a financial standpoint, to place these two branches of sport on the same footing as the other athletic teams.

Another very important step taken by the Association was the turning over of the Red and White, the official organ of the Athletic Association, which is published as a monthly magazine, to the two literary societies, the Leazar and the Pullen, and the establishment of a weekly newspaper as the organ of the association. This paper will fill a long felt need of the students of the college as it will afford a means of expression of student opinion in a concrete form. The "Red and White" has never been very successful while under the auspices of the association, as it was found almost impossible to arouse the interest and co-operation of the alumni of the college because of the lack of college news in the monthly magazine, but the weekly paper will contain all athletic news and all other news of the college of whatever nature. It will no doubt be liberally supported by all former A. & M. students for this very fact. The paper will start off next year under the best of conditions in that its editor-in-chief and business manager have each had a year's experience with the monthly magazine, and are both very capable and efficient men. The selection of a name for the weekly was left in the hands of the Athletic Committee who will soon decide on a suitable title.

The election for baseball manager was very close, C. M. Taylor, of Tarboro, barely winning over N. B. Stevens, of Goldsboro. There were no sharp contests in any of the other elections.

The men elected and the various offices they will fill are as follows: President Athletic Association for Fall term, T. H. Stafford, of West Raleigh; vice president, D. W. Seifert, of Newbern; secretary, G. W. Trotter, of Charlotte; manager of baseball team, C. M. Taylor, of Tarboro; assistant manager, F. D. Poisson, of Wilmington, and E. B. Hunter, of Charlotte; manager of track team, B. L. Caldwell, of Concord; assistant managers, L. L. Merritt, of Wilmington, and G. L. Bain, of Greensboro; manager of basketball team, P. B. Ferebee, of Elizabeth City; assistant managers, H. S. Harrison, of Enfield, and R. H. Small, of Portsmouth, Va.; editor-in-chief of the weekly newspaper, H. P. Whitted, of Mebane; assistant editor-in-chief, F. S. Hales, of Wilson; business manager, P. B. Ferebee, of Elizabeth City; assistant business manager, W. H. Sullivan, of Greensboro; chief rooter, J. R. Mullen, of Charlotte.

SAGE TEA WILL DARKEN THE HAIR

Restore Faded and Gray Hair to Natural Color—Dandruff Quickly Removed.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great-grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance they made a brew of sage leaves and applied it to their hair, with wonderfully beneficial effect.

Nowadays we don't have to resort to old-time, tiresome methods of gathering the herbs and making the tea. This is done by skilful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Surphur Hair Remedy, containing sage in the proper strength, with the addition of sulphur, another old-time scalp remedy.

The manufacturers of this remedy authorize druggists to sell it under guarantee that the money will be refunded imf it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Special Agent: J. Hicks Bunting Drug Co., corner Front and Grace streets.

Removal Sale of the French Millinery Parlors. All goods at cost beginning Monday, May 15th. tf.

VICTIM OF ITALIANS.

Citizen of Morristown, Pa., Was Shot Down in Street.

Morristown, Pa., May 22.—William H. Yerkes, one of Norristown's leading citizens and business men, was today shot by two men, supposed to be Italians, on the road leading to his quarries at Henderson station. The police say the men were after $1,400, which Yerkes was believed to be carrying in a bag to pay off the workmen at the quarries. His assailants shot him in the head four times and left him lying in the road. They got away with a money bag said to contain $600.

A passerby, who heard the shots ran to Yerkes' assistance and brought him to the hospital here. He is unconscious and the physicians say his condition is critical. The wounds in the head, face and forehead show that Yerkes bravely faced the highwaymen. Police in automobiles are scouring the country for the robbers.

SISTERLY HOPE OF MRS. CASSADY

She Writes, Telling Her Experience With Cardui, the Woman's Tonic and How It Cured Her.

Bringhurst, Ind.—"For three years," writes Mrs. Jennie. Cassady of Bringhurst, Ind., "I suffered from womanly weakness.

"I had serious female complaint, and was so bad I could hardly get around, but I took Cardui and it brought me great relief. It cured that awful misery, from which I suffered every month, after I had taken it for only two months.

"I hope all suffering women will try Cardui, as I did, for by doing so they can benefit themselves at home.

You can always depend on Cardui, for every bottle contains the ingredients necessary to help you. Prepared in large quantities, according to the very latest methods, from herbs especially imported by the manufacturers, its preparation from first to last is under the superintendence of an experienced chemist and graduate physician, who takes every precaution known to science to perfect the finished product.

Ask your druggist. He knows. He will tell you to take Cardui.

NOTE—The Cardui Home Treatment for Women consists of Cardui ($1), Thedford's Black-Draught (25c.), or Velvo (50c.), for the liver, and Cardui Antiseptic (50c.). These remedies may be taken singly, by themselves, if desired, or three together, as a complete treatment for women's ills. Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

THE CAPE FEAR REGULATIONS

Secretary of War Makes Reply to Protest of Chamber of Commerce and Shipping Interests—To Revoke One Rule.

As a result of the recent protest by the Chamber of Commerce and shipping interests in general of the regulations governing navigation on the Cape Fear river, a reply was received yesterday from the Secretary of War, addressed to the petitioners and it is stated by Captain Brown, Corps of Engineers, U. S. A., that one of the objectionable rules, No. 4, will be revoked on May 31st.

After taking up separately the objections to the different rules against which protest was made, the Secretary of War in conclusion states that the regulations in question are necessary for the protection of navigation during the work of improvement on the channel, and that no modification will be made for the present.

The Secretary of War refers also to the increase in towage rates as a result of the new regulations and states that the towing companies are not justified in raising the rates.

Rule No. 4, which will be revoked soon, is as follows: "Vessels drawing over 15 feet will not be allowed to navigate Snow's Marsh between the upper Quarantine Buoy and No. 13 Buoy from sundown until sun-up, unless permission to do so is granted them in each case by the engineer officer, and vessels excepted from this rule, i. e. those drawing less than 15 feet, must pass so as not to require the breaking of any pipe line for its passage."

The rule against which strenuous protest was made, No. 5, will remian in force and is as follows: "Tugs with more than one vessel in tow will not be allowed to pass dredges."

The reply of the Secretary of War to the petition of the Chamber of Commerce and the protest of the shipping interests is as follows:

War Department, Washington, D. C., May 12, 1911.

Sir:—Referring to the letter of 17th ultimo, signed by yourself and others, protesting against the enforcement of certain regulations governing the navigation of Cape Fear river, N. C., as prescribed by the Department on February 18, last, and inclosing a newspaper clipping in which announcement is made that towage rates will be increased on account of such regulations, I beg to quote for your information the following report by the district engineer officer, to whom this matter was referred:

"Regulations governing the navigation of Cape Fear river at and below Wilmington were submitted by this office and signed by the Assistant Secretary of War on February 18, 1911.

"Before submitting these regulations for the approval of the Secretary of War, this office consulted with the local Board of Commissioners of Navigation and Pilotage, and no objection was made at that time to any of the regulations except No. 5, which forbids tugs with more than one vessel in tow to pass dredges. This objection was made by the Harbor Master of the Port of Wilmington, who was present at the conference. The Harbor Master is also manager of the Diamond Steamboat & Wrecking Company, and is interested in the Wilmington Towing Company, which are the only towing companies engaged in handling large vessels on the river at and below Wilmington.

"The signers of the enclosed petition have been communicated with, as far as practicable, and it is understood that their objections are not to the regulations themselves, but to the alleged effect of the regulations in raising the rates of towage from 22 to 25 cents per ton.

"Regulation No. 4 was adopted because in dredging Snow's Marsh Cut, the pipe line had to be extended across navigable channel. On account of the great danger in breaking the pipe line at night, the dredge working day and night, the regulation was deemed proper to prevent any loss of life of the employes engaged in the work.

"Regulation No. 5 was adopted because the three U. S. dredges engaged on this improvement, the Hercules, Ajax and Jacksonville, necessarily work very close together, as only two tugs are available for tending the three dredges. As the three dredges are engaged in cutting the 150-ft. channel in the center of the navigable channel of 270 feet width, it was deemed too hazardous to the U. S. plant to permit long tows to pass the dredges while working so close together, especially in view of the fact that these tows pass up and down the river with the tides, the velocity of which is quite great in these narrow cuts.

I do not believe that the towing companies are justified in raising the towage rates, and no protest has been raised against the increase by the shipping interests of Wilmington. It is recommended that no change be made until it is satisfactorily shown that the raising of the towage rates shall have been justified by the issuance of these regulations. Even then, it is believed that the considerations of safety to U. S. plant should be deemed of paramount importance compared with the small increase in towage rates."

In view of the foregoing, the Department is of the opinion that the regulations in question are necessary for th protection of navigation interests during the work of improvement on the channel, and that no modification should be made therein for the present.

Very respectfully.

ROBERT SHAW OLIVER,
Asst. Secretary of War.

Captain Brown states that Regulation No. 4, governing navigation in Snow's Marsh Cut will be revoked on May 31st, by general permission being given to all vessels to navigate that cut at night, on account of the completion of dredging work in progress there at that time.

NO CITY ENGINEER YET

Council Devotes Three Hours to Consideration of Matter Without Any Decision—Regular Meeting Today.

Although in session behind two closed and bolted doors for three hours and with no other matter apparently to claim its attention, the City Council announced at the close of the seance at 7 o'clock last evening that the election of a city engineer had been deferred until a later meeting, the Councilmen not being ready to vote on the matter.

It was stated that the reason action was deferred was on account of the absence of Councilman P. Q. Moore, who was called nome early in the session on account of the illness of one of his children. The matter of selecting a city engineer was considered by the board one day last week at which time Engineers B. H. Stephens and A. D. O Brien were heard as to their proposition to serve the city in this capacity. Action was postponed in order to give the other engineers of the city a chance to be heard, some of the number having made application for the position. So at the meeting Friday afternoon it was decided to hold a regularly called special meeting Monday afternoon at 4 o'clock at which time the city engineer matter would be finally disposed of, the Mayor being instructed to invite all engineers who desired to be present. Accordingly the Mayor and the four Councilmen gathered in the Mayor's office at the appointed time. Col. C. I. White tax collector, was present as clerk, in place of Capt. Thos. D. Meares, Esq., who is away for a day attending the meeting of the Diocesan Council at Fayetteville. As stated a few days ago, Messrs. C. L. B. Anderson and C. R. Humphreys, the latter formerly city engineer and the former a member of the firm of Hazelhurst & Anderson, consulting engineers for the waterworks plant, submitted a joint proposition, agreeing to do certain engineering work at a certain salary a month and certain work in addition on a commission basis. They were heard on this proposition yesterday afternoon. The only other engineer before the meeting yesterday was Mr. John M. Mathers, who is in charge of the New Hanover county road construction work.

Councilman P. Q. Moore was called home soon after the meeting convened on account of the serious illness of one of his children and in leaving he asked, yea begged, the Council to give him a city engineer, stating that it did not matter to him who was selected just so an engineer was secured so the great amount of work needed to be done can be pushed forward. However, after hearing the engineers, the Council decided not to take action until Councilman Moore was present, so it was stated after the meeting.

Although it was decided Friday afternoon to hold a meeting Monday afternoon, the gathering yesterday afternon is understood to have been considered by the Council as a conference, or caucus, and the Mayor instructed the acting clerk to make no record of the proceedings. The minutes on Friday will show that the Council adjourned to meet again Monday afternoon. However, it is probably well that the gathering yesterday afternoon is not considered a meeting, because it was held behind two closed and bolted doors and persons other than city officials were present yet it could not in any sense be considered a public meeting, which the law says must be held when there is present any person not a city official.

The regular weekly meeting of the Council will be held this afternoon at 4 o'clock at which a number of matters of importance will be considered, and it is probable that there will be some action as to a city engineer.

PROMINENT COLORED BODY.

Meeting in This City May 23rd to 27th. Officers Presiding.

The 34th annual convention of the Grand United Order of Tents of the J. R Giddings and Jollifee Union, an organization of prominent colored women all over the South, will convene in this city from May 23rd to 27th, at St. Stephen's A. M. E. church and local committees are already at work arranging for the event. There will be large delegations from Washington, Richmond, Petersburg, Danville, Hampton, Norfolk and other points. The convention will be presided over by the following N. G. superintendents: Sallie C. Bonney, of Norfolk; Mary C. Stewart, Hampton; C. R. Bryant, Hampton; Purnsley, Philadelphia; Victoria Walder, Washington, D. C.; Maggie L. Walker, Richmond, and A. M. Ward, Norfolk.

MR. ISAAC J. BEAR PASSES

Well Known and Highly Esteemed Young Business Man of Wilmington Enters Into Rest. Funeral Yesterday.

The community was shocked and saddened Sunday at the announcement of the death of Mr. Isaac J. Bear, one of Wilmington's most popular and most highly esteemed young business men, which occurred rather unexpectedly the same morning at 7 o'clock at the family home in this city, No. 120 North Fifth street, after an illness of about three weeks.

Mr. Bear suffered an attack of measles early in the month and though at no time was his condition considered serious, he had a nurse with him and he was apparently rapidly improving. In fact, it was hoped that on the very day that he died that he would be able to be out of his room, but about 6 o'clock after taking nourishment, he suffered an attack of heart failure and the end came within an hour. The news of the death came with painful sorrow to a great many friends all over the city, for Mr. Bear was well known and was held in the very highest esteem. He was born and had been raised in Wilmington, at the time of his death being the senior member of the firm of Samuel Bear Sr. & Sons, the business having been founded here just after the war by his late father, Mr. Samuel Bear, Sr. Mr. Bear was retiring in his disposition and had never made himself prominent in the business life of the city, yet he was known for his good judgment and splendid business ability. He had a high sense of honor, his integrity was unquestioned and wherever he was known he was admired for his many sterling traits of character and had the confidence and esteem of all in the circle of his acquaintance.

Mr. Bear was in the 43rd year of his age, a son of the late Samuel Bear, Sr., and Mrs. Barbara Bear, and was born in this city. He received his early education in the schools of Wilmington and finished his business education at Eastman's College, Poughkeepsie, N. Y. At the age of 19 he entered the business of his late father and upon the death of the latter, had continued the business with his brothers under the same firm name, enjoying a large trade in wholesale groceries in this and other States.

Mr. Bear is survived by his mother, Mrs. Barbara Bear; three younger brothers, Messrs. Sigmond Bear, Emanuel I. Bear and Moses Bear, all of this city, and two sisters, Mrs. Aaron Blumenthal, of Philadelphia, and Mrs. Albert Rothschild, of Portsmouth, Va. They have the tenderest sympathy of many friends in the deep bereavement which they have suffered.

Mr. Bear was a member of Wilmington Lodge No. 532, B. P. O. E., and had served the order as Esteemed Leading Knight. He was also a member of Cornelius Harnett Council, Royal Arcanum, and for 15 or more years had been a trustee of the order. He had also been a director of the North Carolina Home Building and Loan Association, one of the pioneer organizations of its kind in the city, and was also largely interested in other business affairs. His loss in the community will be sorely felt.

The funeral of Mr. Bear was held yesterday afternoon at 5 o'clock, Rev. Dr. S. Mendelsohn, rabbi of the Temple of Israel, officiating in the presence of a large number of friends. Mr. and Mrs. Rothschild, of Portsmouth, and Mr. and Mrs. Blumenthal, of Philadelphia, arrived in time for the services. The interment was in Oakdale cemetery where a large number of beautiful flowers attested the esteem in which he was held. The pall-bearers were: Honorary, Dr. T. S. Burbank, Messrs. M. J. Heyer, B. Goodman, M. O'Brien and L. Bluethenthal; active, Messrs. L. M. Bunting, I. W. Solomon, I. H. Weil, George F. Lucas W. G. Whitehead and Martin Newman.

CAPT. J. M. WOOLARD LEAVES.

Will Engage in Important Railroad Construction Work South.

Capt. J. M. Woolard, of this city, one of the best known general construction superintendents in this section of the State, leaves this morning for Wards, S. C., where he will be engaged for the next several months at least in building the new railroad from Wards, S. C., to Saluda, N. C., the main line of the Southern Railway. This is an important link of railway construction and Capt. Woolard is well able to handle the proposition, having had wide experience in all lines of general construction work and in the handling of men. He was for several terms superintendent of streets in Wilmington and some of the finest work done in street improvement in this city was under his direction. Friends will regret to know of his leaving the city, but express the hope that he will return to Wilmington should it later become to his advantage to do so.

Grace Church Baraca Class.

At the conclusion of the service at Grace M. E. church Sunday night, officers of the Baraca Class, to serve during the ensuing year were formally installed, as follows: I. W. Cooper, president; J. A. McNorton, vice-president; R. E. Does, secretary; S. A. Troy, assistant secretary; W. F. King, treasurer; Lewis Williams, teacher. These officers were elected at a recent meetiny of the class.

CENTRAL ICE COMPANY FORMED

Output of Both Factories to be Handled Through One Selling Agency—Announcement of Plan and Headquarters.

In pursuance of the expressed policy of both the Independent and the Plate Ice companies to confine their operations exclusively to the manufacture and not the sale of ice, and for reasons of economy and efficiency in the delivery of their product, the Central Ice Company has been organized to handle the combined product of the two factories in Wilmington and after this date all deliveries will be made from the one central station, No. 7 Orange street, official notice of which is given elsewhere in today's paper.

It is announced that Mr. H. B. Peschau, formerly with both companies and a clever and capable young business man, will be general manager of the selling company and he has already entered upon his duties as such. The public is asked in future to use telephones 64, 221 and 222 for all orders or information as to city deliveries. It is expected that as soon as the machinery of the selling company is in thorough working order that deliveries will be handled much more expeditiously and more advantageously both to the consumer and the manufacturer. It is certain that the delivery system can be organized much more compactly and economically and both manufacturing companies will be behind the selling agency to see that their product is handled satisfactorily to the mutual advantage of both the seller and the consumer. Mr. Peschau will have with him a clever and capable corps of assistants and he believes that he is in position with the two companies the coming Summer to give Wilmington the most satisfactory service it has ever had in this line.

DISTRICT MEETING PYTHIANS

Grand Chancellor A. E. McCausland, of Charlotte, Guest and Principal Speaker—Fine Gathering of Pythians.

A well attended and enthusiastic meeting of the Knights of Pythias of the first district of the Domain of North Carolina was held in Castle Hall, this city, last night, the feature of which was an address by Mr. A. E. McCausland, of Charlotte, Grand Chancellor, who was the guest of District Deputy Grand Chancellor Thos. D. Meares, Jr., at his home on Market street. There were other very interesting and enjoyable features and the meeting was not only pleasant but profitable for the large number of Pythians in attendance.

Thos. D. Meares, Jr., Esq., Deputy Grand Chancellor for the First District, presided, and Mr. W. C. Smith, Keeper of Records and Seal of Stonewall Lodge, acted as secretary of the meeting. After the meeting was called to order reports were received from the lodges represented as follows: Stonewall, Clarendon, Jefferson, Germania, of Wilmington; Delgado, Cronly, Chadbourn, Cerro Gordo and Magnolia, following which the speaker of the evening was introduced by Joseph W. Little, Esq., a prominent member of the local bar and an enthusiastic Pythian.

Grand Chancellor McCausland spoke most interestingly and instructively of the work of the order in North Carolina, calling attention to the great growth in membership during recent years and pointing out that his number should be greatly increased. He said that the order in North Carolina is in excellent condition and splendid interest is being shown throughout the State. It was a splendid address and the distinguished visitor was heard with great pleasure.

He was followed by Mr. G. Herbert Smith, of Cronly, a member of the board of trustees of the Pythian Orphanage at Clayton. Mr. Smith has proved himself a most valuable member of the board of trustees and is deeply interested in the work of providing for and taking care o. the orphan children. Not only is his heart in the work, but he can tell eloquently of what is being done in the work. He gave the meeting last night a mass of valuable information.

His remarks made such an impression upon the meeting that upon motion of Mr. H. B. Wilkes, of Chadbourn, the board of trustees of the orphanage, was tendered a rising vote of thanks.

Mr. Smith was followed by Capt. W. P. Oldham, Messrs. John Haar, W. H. Yopp, H. O. Craig, State Deputy Grand Chancellor, of Wilmington; Mr. H. B. Wilkes, of Chadbourn; Mr. R. S. Wheeler, of Concord, and others. Capt. Oldham paid a high tribute to State Deputy Nutt, who he said had done more for Pythianism than any other man in North Carolina, and this assertion was heartily applauded. The remarks of Capt. Oldham were concurred in by Mr. G. Herbert Smith, who told briefly of some of the work of Mr. Nutt.

Concluding the exercises of the evening, District Deputy Meares made a few remarks in which he said that the meeting had not only been a pleasant one but profitable as well and urged all Pythians to go out from the meeting determined to greatly increase the membership during the year.

Line of Tiling Added.

Mr. Frank Meier, proprietor of the marble yard at No. 310 North Front street, announces to the public that he nad added to his business a full line of tiling, tile mantels, etc., and that he is prepared to give very close estimates upon all work of this character.

RECORDER FURLONG BEREAVED.

Death of Little Daughter Sunday Night—Funeral Today.

Many friends of Mr. and Mrs. John J. Furlong will tenderly sympathize with them in the death of their 11-months-old daughter, Augusta Furlong, which occurred at the family residence, No. 706 Chesnut street, at 11:30 o'clock Sunday night, after an illness of some days. The little one had whooping cough and before getting well of this meningitis developed, which caused her death. All last week the little one was desperately ill, but there was hope of her recovery until a day or two ago. The grief-stricken parents hav ethe tenderest sympathy of a great many friends in their bereavement. The funeral will be held from the family residence at 10 o'clock this morning and the interment will be in Oakdale cemetery.

Pretty Field Sweet Peaas.

Mr. John Nicstlie, the industrious young son of Mr. J. W. Neistlie, has a large and beautiful field of sweet peas growing at his farm near Wrightsboro and he is supplying many people in the city with the flowers. He is making a specialty of the new scarlet variety and also has many white, pink and lavender. For orders telephone to Niestlie's drug store, 'phone No. 216, and they will have prompt attentiton. The young man sold more than 2,000 yesterday and orders are in already for as many today.

A Burglar's Awful Deed

may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap, of Leadill, Tenn. If ailing, try them, 25c at R. R. Bellamy's.

EXERCISES TODAY.

Unveiling of Tablet Marking Site of Old Fort Johnston.

Delightful weather is promised by the Weather Bureau for today, which will be the occasion of the steamer trip to Southport and appropriate and pleasing exercises marking the unveiling of the handsome tablet on the site of old Fort Johnston, the programme for which was given in Sunday's paper. The steamer will leave the city at 10 o'clock this morning and tickets, including lunch, may be had at the steamer Wilmington's wharf, for $1 each. The address will be delivered by Prof. J. G. DeRoulhac Hamilton, of The University. Music will be furnished by the Artillery Band of Fort Caswell and all friends are invited to attend.

MARRIED IN GREENSBORO YESTERDAY MORNING.

Of interest to many friends in this city and throughout the State is the announcement of the marriage of Mr. Herman S. Meredith, a well known and popular young man of this city, and Mrs. Jessie P. Cox, the attractive and accomplished daughter of Mr. and Mrs. William P. Pickett, of High Point, which occurred at 10:30 o'clock yesterday morning at the home of the officiating minister, Rev. T. J. Ogburn, pastor of the Methodist Protestant Church, Greensboro. There were present only a few friends of the couple. Mr. and Mrs. Meredith left on the noon train for Asheville and after spending a few days in the western part of the State will come to Wilmington. They will be at home to their friends after June 1st, at No. 307 North Second street. The groom is a son of Mr. and Mrs. W. J. Meredith, of this city, and is very clever and popular young man with a wide circle of friends who will learn with interest of his marriage and extend to him felicitations and best wishes. His bride is a most attractive and charming young lady and has many friends throughout the State. She is well known in Wilmington, where she visited some years ago.

WHAT IS VINOL?

It Represents Twenty Years' Work of Two Eminent Chemists.

After twenty years of study two eminent French chemists discovered a method by which the alkaloids or medicinal elements of the cod's liver might be separated from the useless oil or grease, retaining all the good of cod liver oil and dispensing with the bad, as the oil has no medicinal value. These medicinal elements blended with tonic iron and a mild medicinal wine—make Vinol.

Vinol is not a secret medicine, as its ingredients are printed on every bottle, and in all cases where the healing, strengthening influence of cod liver oil is needed, Vinol will give better results, for it contains all the curative medicinal properties of cod liver oil, but without the oil, and it is easily assimilated and acceptable to the weakest stomach.

For all run-down, weakened conditions, and to cure chronic coughs, colds and bronichal troubles, Vinol is unexcelled. We sell it always with the understanding that if it does not do all we claim for it, we will refund the money paid us for it. Robert R. Bellamy, Druggist, Wilmington, N. C.

Removal Sale of the French Millinery Parlors. All goods at cost beginning Monday, May 15th. tf.

LOCAL DOTS.

—Cape Fear Academy, of which Prof. Washington Catlett is principal, will close for the term Friday, June 2nd. Final examinations begin this week. The year has been a very successful one.

—The British steamer Frieda, Capt. Hill, arrived yesterday from Liverpool with cargo of fertilizer constituents for the Virginia-Carolina Chemical Co. After discharging she will receive cargo of veneering from the Acme Tea Chest Co., for Glasgow. The vessel is to C. D. Mafflitt.

—Announcement is made that Mr. Freeman Yopp, the well known and experienced life saver, will again be on duty at Lumina, Wrightsville Beach, this season. A life boat has been completed by Mr. Jeff Piver, the well known designer and builder, for use at the resort this season. It is a double-ender, 20 feet long with five feet width.

PERSONAL PARAGRAPHS.

—Mr. D. E. Harllee, of Greensboro, spent yesterday in the city on business.

—Mr. J. T. Rotan, of Winston-Salem, was a business visitor to the city yesterday.

—Dr. E. G. Goodman, and Senator Geo. H. Bellamy, of El Paso, Brunswick county, were among the business visitors to the city yesterday.

—Friends will regret to learn that Mr. Fred T. Skipper, clerk of the Recorder's Court, was confined to his home yesterday on account of illness.

—C. D. Weeks and William J. Bellamy, Esqs., will leave on the early train this morning for Raleigh, where they go to argue before the Supreme Court the case of J. C. Holly, which comes up tomorrow.

—Mr. Chas. E. Hooper, who will manage the Oceanic Hotel this season, arrived yesterday from his home in Charlotte and is getting everything in readiness for the opening. Mr. Louis Dupin, the steward, has also arrived.

—Mr. O. W. Howard was called to Parkersburg last night on account of illness of his mother, Mrs. Geo. W. Howard. She is ill of typhoid fever. Many friends of Mr. Howard hope that his mother will soon be restored to her health again.

—Among the recent arrivals at The Southern Hotel were H. Hodson, J. H. Darden and J. D. Harden of Goldsboro; H. Wessell, Lumberton; Joel Long and wife, Shallotte; W. O. McKeithan, Bolivia; D. G. Hewett, Shallotte; J. C. Mintz and daughter, Southport; R. D. Pridgen, Currie; D. M. Harrelson and wife, Tabor; W. T. Rochelle, Hampstead, and John G. Davis, Columbia.

Had Narrow Escape.

While in swimming in Smith's Creek, near the "Unknown Factory," Sunday morning with a number of other young men, Mr. Frank Joyner, about 19 years old, came nearly being drowned, and had it not been for the heoric efforts of Mr. Ed. Boswell, who was also in swimming, the young man might have met a tragic death. The party had gone across the creek and started back when Mr. Boswell heard Mr. Joyner call for help. At first he thought him joking, but a glance into his face convinced him that Joyner was in earnest. Mr. Boswell then hurried to his assistance and carried him ashore, where he was revived in a short time.

How to Make Complexion Satiny

(Modes and Toilettes.)

"Don't smother the skin's pores with powder!" is the warning of Arline Keen, a well known authority on beauty. "A good lotion will do more to promote an ideal complexion," she says, "than anything else, and if an original package of mayatone is dissolved in eight ounces of witch-hazel, you will have the finest thing obtainable for the skin.

"The use of mayatone lotion clears and beautifies the skin and gives to any complexion that exquisite satinly appearance and smoothness so much admired.

"Aside from being a complexion beautifier, mayatone prevents the growth of hairs, and protects the skin from harsh winds and changing weather. Using it guards against tan, freckles or sunburn."

CONFERENCE WITH OFFICIALS

Committee Here Representing Employes to Confer With Coast Line Officers on Several Matters—Meet Today.

Arriving in the city Sunday and yesterday were committees from different points representing the employes of the Atlantic Coast Line who come for the purpose of conferring with officials of the road for the adjustment of several matters. Conferences will be held daily between the employes' committees and representatives of the Coast Line until there is a satisfactory adjustment of the several questions at issue. These conferences are held about once a year and are always harmonious and result in an amicable settlement of differences which may have arisen during the year.

Among those who are here are Mr. H. A. Smith, chairman Boiler Makers, Rocky Mount; Mr. C. B. Suits, delegate from High Springs, Fla.; Mr. J. L. Kent, of Savannah, Ga.; Mr. H. S. Berner, of Waycross, Ga.; Mr. W. T. Wheeless, of Sanford, Fla.; Mr. Dickman, of Florence, S. C., all of the Boiler Makers' Committee; Mr. J. T. Aylward, of High Springs, president of the Federation composed of the seven crafts, including all the mechanical departments of Coast Line; Mr. W. T. Arrington, of Waycross, Ga., secretary and treasurer of the Federation.

The delegation has an appointment for a conference at 11 o'clock this morning with the general manager of the Coast Line at which matters relative to wage increase, shop rules, special rules governing employes of the company in the mechanical department, etc., will be taken up. The delegation has had no trouble in the past in dealing with the Coast Line officials and look for none at this meeting, but are expecting an amicable settlement of all differences. The meetings with the Coast Line officials in the past have been very pleasant and satisfactory and the visitors expect the meetings of this conference to be the same. The visitors are making the Southern Hotel their headquarters.

HOW TO GAIN HEALTHY FLESH.

J. Hicks Bunting Drug Co., Advise Use of Samose.

While thinness may not be a disease yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy, natural flesh will soon be attained.

This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that good natural plumpness results.

An ounce of flesh is better than a pound of theory. J. Hicks Bunting Drug Co., believe that the best possible demonstration of the flesh-forming powers of Samose is to have it tried by their customers, and to induce them to use it. They offer to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of their faith in it. They have seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose.

"Be Jolly Molly."
Sung by Mr. Baldwin—Grand Theatre today. **

DIED.

BEAR—At his residence, No. 120 North Fifth street, Sunday, May 21st, 1911, at 7 A. M., ISAAC JACOB BEAR, in the 43rd year of his age. Funeral yesterday (Monday) afternoon at 5 o'clock. Interment in Oakdale cemetery.

DIED.

FURLONG—At the family home in this city Sunday, May 21st, 1911, at 11:10 o'clock, AUGUSTA BATE FURLONG, infant daughter of Mr. and Mrs. John J. Furlong, aged 11 months and 23 days.

Funeral this (Tuesday) morning at 10 o'clock from the residence, No. 706 Chesnut street. Interment in Oakdale cemetery. Friends and acquaintances respectfully invited to attend.

..Theatrical..

The Bijou.

The Bijou opened another big and delightful bill yesterday. A jammed theatre was the order both afternoon and night, and each large audience was thoroughly pleased. This week's offering will be one of the biggest and one of the best ever offered. Contracts held by the Bijou show that the list contains some of the greatest moving pictures ever turned out, and some of the most novel. The list discloses that the films will be of strong dramatic fire, as well as of most hilarious type. There are also several educational films in the number, which will furnish splendid instruction to the mind. The Bijou is always popular, but it would be surprising to note the big crowds that flock to the attractive theatre during the afternoons.

Grand Theatre.

The biggest feature at the Grand nowadays is the splendid cooling system. Nowhere in the country is there a theatre supplied with as many devices for cooling and making the house comfortable as in the Grand. Not only is the coolness a feature, but the pictures also are all features. The large crowds yesterday were more than pleased with the excellent show and today's Grandites can look for even a better show. Three of the very latest reels will be shown in addition to a new song by Mr. Baldwin and a new programme by the orchestra. Doors open at 2 P. M.

Twentieth Anniversary.

At the close of the services at Trinity Methodist Church Sunday, Rev. E. C. Sell, the pastor, stated that next Sunday, May 28th, the church will have been organized twenty years, and that anniversary exercises will be held next Sunday at 11 o'clock. Among other things a brief history of the church will be read. This will be an interesting occasion, and it is hoped that all who wish for the prosperity of this heroic little band of Christians will attend.

"Be Jolly Molly."
Sung by Mr. Baldwin—Grand Theatre today. **

INFLAMMATION AND PAIN

Cured by Lydia E. Pinkham's Vegetable Compound.

Creston, Iowa.—"I was troubled for a long time with inflammation, pains in my side, sick headaches and nervousness. I had taken so many medicines that I was discouraged and thought I would never get well. A friend told me of Lydia E. Pinkham's Vegetable Compound and it restored me to health. I have no more pain, my nerves are stronger and I can do my own work. Lydia E. Pinkham's Vegetable Compound cured me after everything else had failed, and I recommend it to other suffering women." —Mrs. Wm. Seals, 605 W. Howard St., Creston, Iowa.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

"Supper Ready"

When you get back to camp, tired and hungry, you do not want to spend the evening getting supper ready. You want a stove you can start up in a minute—that will cook quickly and well.

For camp, houseboat or bungalow, a New Perfection Oil Cook-stove is the ideal cooking device. It is ready for use in a moment. It saves all the trouble of cutting wood and getting in coal. It does not overheat or make dirt in a kitchen; there are no ashes nor smoke. It requires less attention and cooks better than any other range.

New Perfection
WICK BLUE FLAME
Oil Cook-stove

Made with 1, 2 and 3 burners, with long, turquoise blue enameled chimneys. Handsomely finished throughout. The 2- and 3-burner stoves can be had with or without a cabinet top, which is fitted with drop shelves, towel racks, etc.

Dealers everywhere; or write for descriptive circular to the nearest agency of the

ADVANCE IN COTTON MARKET

No Rains in the Carolinas Had Effect on the Market—Renewal of Old Crop Bull Support—Cables Disappointing.

New York, May 22.—After an irregular opening the cotton market had a sharp advance today on a renewal of old crop bull support, continued drought complaints from sections of both the Eastern and Western belts and covering of shorts. The close was steady, at an advance of 5 to 19 points.

The market opened steady at a decline of three points to an advance of four points, with disappointing cables offset by more favorable reports fro mthe dry goods trade and the failure of the weather map to show any rain in the Carolinas. There was nothing to indicate the frost predicted on Saturday for the Texas pan handle had materialized, but there were numerous reports that cotton was not germinating in many sections of the Carolinas, owing to the absence of rain and the market became firm right after the opening, with spot houses and the bull leaders supporting old crop positions, while local and commission house shorts bought new crop months.

After selling about 7 to 16 points net higher there was a reaction of from 6 to 7 points, but tehbulls brought on this decline and durin- the middle of the day there was a fresh upward movement which was led by August on covering by Wall street houses. That position sold as high as 15.47, or 22 points above the closing price of Saturday, while July sold 16 points net higher, and new crop positions at a net advance of about 9@16 points. Realizing caused some irregularity in the late trading, but last prices were only 3 or 4 points off from the best. The final figures of local crop authority for May, issued today, made the average condition of the crop 84.7 per cent. against 80.9, the ten-year average; but the numerous private complaints of drouth now coming in, and the failure of the weather forecast to indicate any immediate change in the droughty sections beyond the possibility of showers in extreme eastern parts of the Carolinas, created expectations of a bullish weekly weather report tomorrow.

Receipts today, 8,071 bales, against 12,780 last week and 11,561 last year. For the week, 69,000 bales, against 65,437 last week and 56,585 last year. Today's receipts at New Orleans, 3,803 bales, against 3,187 last year and at Houston, 742 bales, against 4,492 last year.

Spot closed quiet; middling uplands, 16.10; middling gulf, 16.35; sales, 1,400 bales.

Futures opened steady and closed steady.

Liverpool, May 22.—Spot, dull; prices, 7 points lower; American middling fair, 8.87; good middling, 8.55; middling, 8.33; low middling, 8.13; good ordinary, 7.87; ordinary, 7.62.

The sales of the day were 5,000 bales, of which 200 were for speculation and export and included 4,400 American. Receipts, 2,000 bales, including 1,800 American.

Futures opened easy and closed steady. May, 8.09; May and June, 8.08½; June and July, 8.00; July and August, 7.94; August and September, 7.65½; September and October, 7.20; October and November, 7.00; November and December, 6.95; December and January, 6.93; January and February, 6.93; February and March, 6.93½; March and April, 6.93½.

THE FINANCIAL MARKET.

New York, May 22.—Money on call, steady, at 2@2½; ruling rate, 2¼; closing bid, 2⅜; offered at 2¼. Time loans, strong. Demand, good, at rates slightly under the market; sixty days, 2½@2⅝; ninety days, 2⅝@3 per cent. Six months, 3¼. Prime mercantile paper, 3½@4 per cent; sterling exchange, steady, with actual business in bankers' bills at 4.84.35 for sixty-day bills, and ta 4.86.35@4.86.40 for demand. Commercial bills, 4.83⅞; bar silver, 53⅜; Mexican dollars, 45.

DRY GOODS MARKET.

New York, May 22.—The cotton goods markets rule very steady, and with a higher tendency in the gray goods division. Prices for Fall are being ordered well. There is a larger business passing in other staple cottons. In dress goods, woolens for Fall are being duplicated. Yarns rule firm and spinners are declining contracts except at substantial advances.

STOCKS ARE GOING FORWARD

Movement of Last Week Resumed on Market Yesterday—Prices Ruled Well—Fell Back Slowly in Late Trading.

New York, May 20.—The forward movement in the stock market which was interrupted late last week, was resumed today. During the greater part of the session prices ruled well above the final figures of last week's, and the market exhibited considerable strength although late in the day gains were cut down materially. An unusually large volume of buying orders accumulated over the week-end, and the demand was sufficient to cause material advances at the opening. The small losses of Saturday were quickly recovered and the continued demand forced prices up gradually. The advance was halted and in the last part of the day the market fell back slowly. Reading was the leader in the early part of the day, when the market was strongest and rose to within a small fraction of its highest price of the year, reached several weeks ago.

The grain-carrying roads, especially the Hill group, were helped by the continued good reports of crop prospects and were in unusually good demand. Western Union continued its recent rise and the car equipment stocks including American Car and Foundry, American Locomotive, and Pressed Steel Car, were marked up, on account of increased business which these companies are expected to enjoy in the near future. Missouri Pacific was under pressure and fell back sharply. United States Steel advanced less rapidly than other active stocks. Steel and iron Manufacturers report a better inquiry, especially from the railroads, and a substantial increase in bookings is looked for.

The bond market was firm, total sales, par value, $4,126,000. United States bonds unchanged, on call. Total sales for the day, 561,700 shares.

LAME EVERY MORNING

A Bad Back Is Always Worse In the Morning. Wilmington People Are Finding Relief.

A back that aches all day and causes discomfort at night is usually worse in the morning. Makes you feel as if you hadn't slept at all.

Can't cure a bad back until you cure the kidneys. Doan's Kidney Pills act on sick kidneys—make you feel better, work better, rest better and sleep better.

W. L. Benson, 620 S. Second St., Wilmington, N. C., says: "I cheerfully re-endorse Doan's Kidney Pills and confirm the statement I gave in their praise in February, 1908. My back ached nearly all the time and I could not straighten after stooping or lifting without a sharp pain in my loins. Mornings when I got up, I was very lame and sore and I noticed that the kidney secretions contained sediment. Soon after I used Doan's Kidney Pills, procured at Bellamy's Drug Store, I felt better in every way and it was not long before I was enjoying the best of health. My advice to anyone suffering from kidney complaint is to try Doan's Kidney Pills."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ELECTION NOTICE:

The Board of Commissioners of New Hanover County in accordance with the provisions of an Act of the General Assembly of North Carolina passed at its 1911 Session, entitled "An Act to empower the Board of Commissioners of New Hanover county to issue bonds for road improvement and to construct bridges," and by virtue of the power therein given, do hereby call and give notice of an election to be held by the qualified voters of New Hanover county, on Wednesday, the 31st day of May, 1911, between the hours of sunrise and sunset, to determine whether New Hanover county, North Carolina, shall issue $50,000 of its bonds, with interest coupons attached, to continue and complete the repairing, construction and improving the public roads and bridges in said county.

At this election the ballots tendered and cast by the qualified electors shall have written or printed upon them "For continuing and completing the construction and improvement of the public roads and bridges of the County," or "Against the continuing and completing the construction and improvement of the public roads and bridges of the County".

All qualified electors who favor the issue of said bonds shall vote "For continuing and completing the construction and improvement of the public roads and bridges of the County," and all qualified electors who are opposed to the issue of said bonds shall vote "Against the continuing and completing the construction and improvement of the public roads and bridges of the county."

For the purpose of this election as authorized by the said Act, the said Board of Commissioners have ordered, and do hereby order, a new registration for said election, and the following are designated as the polling places in the several townships, precincts and wards, and the persons hereinafter named have been appointed as the Registrars and Judges of election in the said several townships, precincts and wards.

Cape Fear Township—Polling places, Blossom's Store, Castle Hayne; registrar, W. B. Hand; judges, W. H. Shearin and J. H. Johnson.

Harnett, First Division—Sneeden's Store, Delgado; Geo. H. Ward, registrar; W. A. Woods and E. C. Holt, judges.

Harnett, Second Division — Township House, polling place; J. A. Everett, registrar; Geo. R. Smith and Gerrit Walker, judges.

Masonboro township, Township House, polling place; F. A. Montgomery, registrar; D. D. George and Andrew Capps, judges.

Federal Point township, Carolina Beach, polling place; Hans A. Kure, registrar; Thos. J. Burnett and Melvin Horne, judges.

Wilmington—First ward, Precinct No. 1, Engine House, 4th and Campbell streets, polling place; Fred Moore, registrar; C. F. W. Rehder and F. P. Lamb, judges.

Wilmington—First ward, Precinct No. 2, Kerr's Store, 4th and Harnett streets; Isaiah West, registrar; Geo. H. Heyer and C. L. Spencer, judges.

Wilmington — Second ward, Woolvin Building, Princess street, polling place; C. H. Ward, registrar; T. W. Wood and F. S. Shepard, judges.

Wilmington — Third ward, Giblem Lodge, 8th and Princess streets, polling place; J. D. Bowen, registrar; L. B. Sasser and Russell Bellamy, judges.

Fourth Ward—W. P. Oldham's Store, Dock between Front and 2nd streets, polling place; M. Cronly, registrar; W. D. McMillan, Jr., and T. G. Pickett, judges.

Fifth Ward, Precinct No. 1, Engine House, 6th and Castle streets, polling place; Jno. W. Gafford, registrar; J. E. Taylor and Henry Gerdes, judges.

Fifth ward, Precinct No. 2, Market House, 5th and Castle streets, polling place; R. A. Burnett, registrar; J. O. Brock and T. B. Willard, judges.

The Registration Books of each Township, precinct and ward will be kept open for the registration of electors for twenty days preceding the day for closing the registration books as hereinafter provided, Sundays excepted, between the hours of 9 o'clock A. M. and sunset on each day, beginning the 27th day of April, 1911; and said books shall be closed for registration at sunset on the second Saturday before the election, to-wit: On the 20th day of May, 1911, and on Saturday, the 27th day of April, 1911, and on the 6th day of May, 1911, and on the 13th day of May, 1911, and on the 20th day of May, the Saturdays thereafter, the registrars shall attend with their registration books at the polling places of their respective Townships, precincts and wards, for the registration of electors.

The registrars will attend the polling places of their respective Townships, precincts and wards with the registration books, on the Saturday preceding the election, to-wit, the 27th day of May, 1911, from the hour of 9 o'clock A. M., till the hour of 3 o'clock P. M., when and where the said books will be open for the inspection of the electors of said Townships, precincts and wards, and any of the said electors shall be allowed to object to the name of any person appearing on said books.

This, the 24th day of April, 1911, by order of the Board of Commissioners of New Hanover County.

D. McEACHERN,
Chairman.

DIOCESE OF EAST CAROLINA

(Continued from Page One.)
ports were read, at the close of which the meeting adjourned.

Afternoon Session.

At the afternoon session a resolution was adopted with but one dissenting vote endorsing the Nelson plan of endowment for the University of the South and a committee of five including the trustees, was appointed to carry out the plan.

This means $17,000 toward the endowment fund with annual payment of interest on same till the principal is paid.

Rev. Geo. W. Lay, of Raleigh, addressed the council in behalf of St. Mary's School. He spoke convincingly and effectively as usual.

The remainder of the session was spent in a spirited discussion of Diocesan Sunday School work. The testimony in favor of the New York commission course was overwhelming, though some did not favor it. A resolution was adopted to give it a more thorough test.

At the evening service at 8:30 o'clock, Rev. Robert W. Patton, secretary of the Missionary Department of Sewanee, was the speaker. There was a reception at the rectory after the service.

EAST CAROLINA FINALS.

Teachers' Training School at Greenville, N. C., Closes This Week.

(Special Star Telegram.)

Greenville, N. C., May 20.—The commencement exercises of the second year of the East Carolina Teachers' Training School began Sunday morning with the annual sermon by Rev. Charles H. Maddry, pastor of Statesville Baptist church. His sermon was most beautiful and eloquent. His theme was the "Life of Joseph," with special emphasis upon the dungeon period in Egypt out of which came the greatest opportunity of his life and opened the way for his service to others. Joseph was an optimist with hope and faith in the future. The world today needs more optimists who can see things. The South, declared Mr. Maddry, merged from its dungeon period and the remnant of the Confederacy returned from the Civil War to find homes destroyed, lands devastated and an alien race in control. These heroes were a stronghold through the horrible period of reconstruction and a marvelous change in condition has been wrought. The next fifteen years will bring greater changes still, and the South will be the commercial centre of the Nation in the eyes of the world. New Orleans will be the New York of the South, Galveston, Savannah, Charleston, Wilmington and Norfolk will be the leading seaports of the Nation, and our Southern gulf will be the Mediterranean of the world. Will we be able to stand this transition from poverty to wealth. We must meet the test and merge through it into glorious synphony. The keynote all through the masterly sermon was that the highest service in life is to humanity and through humanity to Christ.

Sunday night the Y. W. C. A. held its last service of the session and heard an able sermon by Rev. J. H. Shore, pastor of Jarvis Memorial Methodist church.

This afternoon at 6 o'clock on the campus the class day exercises were held. These were of much interest to a large assembly. Tonight, the annual concert is in progress for which there is a splendid programme.

Tomorrow morning the annual address will be delivered by Mr. Josephus Daniels, editor of the Raleigh News and Observer, and this will be followed with presentation of diplomas to the graduating class. The first to go out of this school numbers 13. East Carolina Teachers' Training School has a remarkable record for an institution only two years old. The enrollment the past year reacned 226 which was 32 more than the dormitories will accommodate, the overflow having to find board in the town. For the Summer teachers' term son to begin fully 50 applicants have been turned away for want of room.

Despite the handicap of receiving no appropriation for improvements by the last Legislature, (treatment not accorded any other State school), this school has done a great work. As its name implies it is a training school for teachers, and it is carrying out its mission well. In President R. H. Wright the school has an executive head whose superior is not found.

BACK AS FROM THE DEAD.

Geo. B. Todd, Reported a Suicide, Sends Message to His Wife.

Norfolk, Va., May 22.—George B. Todd, head of the Todd Implement Company, of Norfolk, who was supposed to have committed suicide by jumping from his stateroom window on the steamer Florida while en route from Norfolk to Baltimore Friday night, today telegraphed his wife from St. Louis. The message:

"Was in a trance until at Cincinnati this morning. Overworked, worried and nervous to the breaking point. Will return."

Todd was en route to Jamestown, N. Y., for a rest following a long illness.

Todd's family knew nothing of his departure until informed by officials of the steamboat company on Saturday that his clothing and valuables had been found in a stateroom from which he was missing when the steamer Florida reached Baltimore. The Todd Implement Company's establishment closed today "on account of the death of Mr. Todd," was re-opened when the telegram was received from St. Louis.

Saved Child From Death.

"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctors' medicine seemed as useless. Finally we tried Dr. King's New Discovery and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, lagrippe, asthma, croup and sore lungs it's the most infallible remedy that's made. Price 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

AGREEMENT MARKS END MEXICAN WAR

(Continued from Page One.)
the fact that Gen. Diaz will leave the country at an early date. It is expected that he will spend several months visiting Europe.

On notification that peace had been agreed to, the management of the National Railways immediately began reconstruction. It was officially stated tonight the Mexican Central would be open to traffic within ten days and that the International, between Torrean and Ciudad Porfirio Diaz, would be open within three days, perhaps. The total number of kilometers of the National Railways put out of commismission by the rebels is estimated at 3,979 (2,472 miles).

Although the public manifested approval of the signing of the peace agreement, there was evidently no enthusiasm. It was like the receipt of the news of an election where the result is a foregone conclusion.

Protest From Minister.

Washington, D. C., May 22.—As soon as the depredations against Chinese subjects at Torreon, Mexico, are officially reported to the Chinese minister at Washington, who is also accredited to the Mexican government, he will take steps to protest to Mexico. The minister has instructed his charge d'affaires at Mexico City to make vigorous representations to the Mexican government in regard to the reported murdering by bandits of eight and the wounding of three Chinese at Imures, Sonora. The gardens and stores of the Chinese there were looted. The matter was called to the attention of the minister by Chinese residents of Nogales, Ariz., who were in communication with the refugees from the zone of the butchery. They pleaded for protection for their countrymen.

Those Killed at Juarez.

Juarez, Mexico, May 22.—Revised estimates today of the casualties of the battle of Juarez place the total number killed at 180 with about 250 wounded. Of these the Federals are believed to have lost 150 killed and 100 wounded.

The wounded are getting excellent treatment at the hands of the Mexican White Cross and the Red Cross and only about a half dozen of wounds have been recorded since the battle.

The number of dead was far out of proportion to those wounded as battles generally go, but Gen. Viljoen, who fought with the Boers and has been military adviser of Senor Madero, declared that the heavy loss in killed, was inevitable on account of the close range of fire.

STATE NORMAL FINALS.

Begun Sunday Will Continue This Week—Alumnae Address.

Greensboro, N. C., May 22.—The commencement exercises of the State Normal and Industrial College are on, having commenced with the reunion of the "Red and White" classes Saturday evening. Following this the annual meetings of the Cornelian and Adelphian societies were held. These were well attended by present and former students of the college and members of the societies.

Yesterday morning at 11 o'clock the annual sermon to members of the graduating class was preached by Rev. T. H. Lewis, president of Western Maryland College, Westminster College Md. The sermon was one of high order and was heard and enjoyed by a large audience. The music was by the college orchestra and chorus. Mrs. Ernest Teague sang a solo, and there was a quartette by Mrs. Teague, Miss Bryner, Mr. F. O. Lawson and Mr. W. C. A. Hammel.

Last night the annual address to the Y. W. C. A. was delivered by Dr. Edwin Mims, of the State University. These exercises on the anniversary of the Y. W. C. A. were held in Peabody Park, and there was an unusually large attendance. A splendid musical programme was rendered. The address of Dr. Mims was all that could be desired and added to his reputation as a speaker in this city.

This morning at 10:30 o'clock the annual alumnae address was delivered by Mrs. J. A. Brown, of Chadbourn, and was heard by a large number of students, alumnae and people of the town. Following this the business meeting of the alumnae was held. This afternoon at five o'clock the senior class day exercises will be held in Peabody Park, and tonight representative essays will be read by members of the class of 1911.

The final event of commencement will be the graduation exercises tomorrow morning at 10:30 o'clock. The annual address will be made by Governor Kitchin; the constitutions will be presented by Attorney General T. W. Bickett and the Bibles by Rev. Melton Clark, after which President Foust will deliver the diplomas.

BASEBALL IN BLADEN.

Emerson Team Outclasses Bladen Springs in Fast Game.

(Special Star Correspondence.)

Bladen Springs, N. C., May 22.—The Emerson boys easily took the game from the Bladen Springs team Saturday, outhitting them at every stage of the game, the final score being 3 to 1. The Spring boys were simply outclassed in hitting and fielding, as was acknowledged by everyone. The locals were credited with seven hits, Nye holding them well in hand all through the game. The game was well played throughout, as evidenced by the small scores. The score:

Emerson.. .. ..000 210 000—3
Bladen Springs .. ..000 010 000—1

Blackmon, Priest and Clark; Savage, Wooten and Priest.

W. N. SNELLING DEAD.

Well Known and Highly Esteemed Citizen of Raleigh Passes.

(Special Star Correspondence.)

Raleigh, N. C., May 22.—This afternoon at 5 o'clock there was the funeral of the late W. N. Snelling, who died Sunday at his home in this city. It was conducted from Central Methodist church of which he had been senior steward for many years. He was 70 years old and was for many years a successful and public spirited business man. Rev. L. B. Jones and Rev. G. T. Adams, former pastors of Central Church, were here to aid Rev. A. D. Wilcox, the pastor, in the funeral service. He is survived by his widow and one daughter, Mrs. H. T. Hicks.

TRACTION COMPANIES MERGED.

Of Virginia Companies Effected at Meeting in New York.

New York, May 22.—The merging of the Norfolk & Portsmouth Traction Company with the Virginia Railway & Power Company was virtually effected today when at a meeting here today the following directors of the two companies the proposed merger was approved. The combined properties will be known as the Virginia Railway & Power Company. Stockholders of both companies will act on the proposed plan at a special meeting on June 22nd.

The Virginia Company is principally owned by Frank J. Gould and will control nearly 300 miles of street railways together with several lighting systems and power plants in the cities of Richmond, Petersburg, Norfolk and Portsmouth. It is proposed to issue $20,000,000 of stock of which twelve millions will be common and eight millions preferred. The terms provide that Norfolk and Portsmouth stockholders shall receive one and one-half shares of common stock in the new company for one share of their present holdings and that the preferred shares of both companies shall be exchanged at par.

The officers and directors of the combined properties which will be Frank J. Gould, chairman; William Northrop, president; Fritz Sitterding and Henry W. Anderson, vice-presidents; Guy Phillips, secretary and treasurer, and R. Lancaster Williams, George H. Taylor, Nathaniel A. Campbell, Frank O. Briggs, F. W. Roebling, Jr., Caldwell Hardy, Fergus Reid and P. M. Chandler, directors.

THE WEATHER SITUATION.

Little Hope for Relief From Hot Wave —Forecast Discouraging.

Washington, May 22.—"Somewhat lower temperature in New England; it will change little elsewhere throughout the country during the next 48 hours." This was the Weather Bureau's epitome of the hot wave situation tonight. It offered little hope for relief to practically the entire country which is in the midst of the heat wave with its resulting suffering. The Central States along the Mississippi river are about the only territories that are not sweltering, moderate temperatures prevailing there, according to weather advices. Albany, N. Y., was the hottest city in the East today, with a temperature of 96. Washington registered 94. But Yuma, Ariz., was the hottest place in the United State, with a record of 102.

Showers and thunder storms have mitigated conditions along the Lake regions and Eastern Gulf States.

Philadelphia, Pa., May 22. — Local heat records for the year and for May 22nd were broken here today, when the mercury registered 92 degrees. Five deaths were reported to the coroner as being due to the excessive heat.

Indianapous, Ind., May 22.—Prior to the convening of the National Wholesale Grocers' Association here tomorrow the executive committee of the association met here this afternoon and decided to continue its campaign for uniform pure food laws in the various States of the country. It was stated at the meeing that the campaign had been successful in 32 States.

CASTLE HEIGHTS—Breaks all records. Last December we offered the investor in real estate the large, high lots on the new Castle Street road, called Castle Heights. We promised that the property would increase in value—that houses would be built. Today there are twelve houses and a store completed and five under course of construction. Some of the lots have changed hands three times—every time at a profit. Our promises, our prophecies and our word was true to the letter. History repeats itself, and we have a few lots left at very reasonable prices, and on your own fair terms. Let us show you facts and figures. Results that cannot be discounted. It will pay you to get the profit that is coming on this property. Share it with us. J. G. Wright & Son, Real Estate. my21-2t

FOR SALE—At bargain prices, a small lot of second-hand pine lumber, all heart, assorted sizes; also small quantity of large size cypress. Can be seen at the old Fore & Foster yards, corner 6th and Campbell sts. J. Van B. Metts. 'Phone 162. my21-tf
